**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND SECRETARIAL STANDARD – 2 ON GENERAL MEETINGS**

The following statement sets out all material facts relating to the businesses mentioned in the accompanying Notice.

**ITEM NO. 3:**

The Members are being informed that pursuant to the provisions of the Companies Act, 2013 ('Act'), read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and other applicable rules, if any, and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') to the extent applicable, the Board of Directors of the Company ("Board") on the recommendation of Nomination and Remuneration Committee ("NRC"), *vide* its resolution dated 31 March, 2026 had appointed Mr. Abhijit Sen (DIN: 00002593) as an Additional Director in the capacity of Non-Executive Independent Director on the Board of the Company with effect from 01 April, 2026 in terms of Section 161 of the Act.

The Brief profile of Mr. Abhijit Sen is stated below for due consideration of the Members of the Company:

Mr. Abhijit Sen retired as Chief Financial Officer- Citibank, India Subcontinent in 2015 after serving the organization for almost 20 years. Post retirement he was associated with a large Big 4 firm as an External Advisor, for their activities in the Banking and Financial Services Sector. He served on several Boards including Trent Limited, UGRO Capital Limited, Ujjivan Financial Services Limited and Cashpor Micro Credit. He also chairs the Audit Committee of Manappuram Finance Ltd Limited., in addition to serving on several other Board Committees. He has also chaired the Audit Committees of Credila Financial Services Limited and Tata Investment Corporation Limited. He has been a member of the Risk Committee of the National Stock Exchange in the past; he was also on the Board of National Securities Depository Limited and various Citi entities and has been an External Advisor to General Atlantic.

He has a B.Tech (Hons) degree from the Indian Institute of Technology, Kharagpur and a Postgraduate Diploma in Management from the Indian Institute of Management, Kolkata with Majors in Finance & Information Systems.

The Company has received notice from a Member, under Section 160 of the Act, proposing the candidature of Mr. Sen for appointment as Non - Executive Independent Director of the Company.

The Company has also received necessary disclosures from Mr. Sen including: (a) the consent for his appointment as a Director of the Company in form DIR-2; (b) a declaration that he is not disqualified to be appointed as Director in form DIR-8; (c) notice of his interest in form MBP-1; (d) a declaration confirming that he has not been convicted for any offence under any of the statutes and a declaration that he meets the criteria of independence as per the provisions of the Act, the Listing Regulations; (e) the confirmation that he fulfils the requisite conditions specified in Section 149(6) and other relevant provisions of the Act, the Listing Regulations and the Code of Conduct of the Company for his proposed appointment as a Non - Executive Independent Director of the Company; and (f) a declaration and undertaking that he fulfills the Fit and Proper criteria prescribed by the Insurance Regulatory Development Authority of India (IRDAI) and the Reserve Bank of India (Housing Finance Companies) Directions, 2025, and the Reserve Bank of India (Non – Banking Financial Companies – Governance) Directions, 2025 (Governance Directions).

The Members may note that Mr. Sen has confirmed that he is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties as a Non - Executive Independent Director of the Company. Mr. Sen has also confirmed that he is not debarred from holding the office of a director by virtue of any order passed by the Securities and Exchange Board of India (SEBI) or any such authority.

Further, Mr. Sen has confirmed that he is in compliance with Rules 6(1), 6(2), and 6(4) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to his registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs. He has also confirmed that presently he is not serving as an Independent Director on the board of more than 3 (three) NBFCs (NBFC – Middle Layer or NBFC- Upper Layer) at the same time and shall ensure compliance with the Governance Directions and therefore, no conflict of interest arises as a result of Mr. Sen’s proposed appointment on the Board of the Company.

The Board is of the opinion that he is a person of integrity and possesses the relevant skills, knowledge and experience relevant to the Company’s business and industry in which the Company operates and fulfils the conditions for appointment as an Independent Director as specified in the Act, the Listing Regulations and is independent of the management of the Company; and the proposed appointment of Mr. Sen as a Non – Executive Independent Director would be of immense benefit to the Company. He will be eligible for payment of sitting fees as may be approved by the Board from time to time.

Accordingly, In terms of Section 149 read with Schedule IV of Companies Act, 2013, and other applicable provisions of the Act, the Listing Regulations, and any other applicable laws, including any amendment thereto or any modification thereof, considering the skills, experience, knowledge of Mr. Sen and based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company recommends the appointment of Mr. Sen as Non – Executive Independent Director of the Company not liable to retire by rotation, for a period of 3 (three) consecutive years with effect from 01 April, 2026 to the Members for approval. Further, the Members may note that Mr. Sen has already attained the age of 75 years, hence approval by way of Special Resolution is placed before the Members of the Company.

Information pertaining to the appointment of Mr. Sen, in accordance with the provisions of Secretarial Standard - 2 on General Meetings issued by the Institute of Company Secretaries of India, is enclosed as **Annexure A** to the Notice.

The Board recommends the passing of the **Special Resolution** as set out in **Item No.3** of the Notice.

None of the Directors, Key Managerial Personnel and their relatives are concerned/interested, financially or otherwise, in the aforesaid resolution except Mr. Abhijit Sen, Non-Executive Independent Director of the Company.

**ITEM NO. 4:**

The Members are being apprised that the Board of Directors vide its resolution dated 10 February, 2026 and based upon the recommendation of the Nomination and Remuneration Committee (NRC) and Audit Committee (AC) had approved the appointment of Mr. Arjun Chowdhry (DIN: 02947622) as the Managing Director and Chief Executive Officer (MD & CEO), not liable to retire by rotation, to hold office for a term not exceeding 5 years with effect from 10 February, 2026.

The Members may note that the shareholders at the Extra Ordinary General Meeting held on 02 March, 2026 authorized the Board of Directors (including the Nomination and Remuneration Committee) to alter and vary the terms and conditions of the said appointment and / or remuneration of Mr. Chowdhry, from time to time, as it may deem fit and as may be agreed to between the Board of Directors and Mr. Chowdhry, provided that such alteration or variation, as the case may be, is within the overall limits as prescribed under Section 197 and Schedule V to the Companies Act, 2013.

The Members, at the Extra-ordinary General Meeting (EGM) held on 02 March, 2026, had approved the terms of his appointment including the remuneration payable to Mr. Chowdhry. The Board of Directors of the Company upon recommendation of Nomination and Remuneration Committee and Audit Committee vide its resolution dated 14 May, 2026 and considering the performance of Mr. Arjun Chowdhry, as well as the considerable progress made by the Company under his leadership and subject to the approval of the Members of the Company, approved revision in his remuneration for FY 2026–27 and Annual Performance Bonus (APB) payable to him for FY 2025–26.

In view of the above, the revised remuneration payable to Mr. Arjun Chowdhry with effect from 1 April 2026 shall be as follows:

1. Fixed Pay: INR 3,18,74,700/- per annum (Rupees Three Crore Eighteen Lakh Seventy-Four Thousand Seven Hundred Only) including perquisites / benefits and any other allowances as may be decided by the Nomination & Remuneration Committee and / or the Board. In addition, he is eligible for gratuity of INR 7,68,180/- per annum (Rupees Seven Lakh Sixty-Eight Thousand One Hundred Eighty Only) in alignment with the Code on Wages, 2019 and related Labour law reforms.
2. Annual Performance Bonus (Linked to performance target to be decided every year): (a) For FY 2025-2026 shall be payable as determined by the Nomination & Remuneration Committee and / or the Board; and (b) for FY 2026-2027 shall be payable basis his individual and the Company's performance and the exact quantum of which shall be decided by the Board of Directors based on the recommendation of Nomination and Remuneration Committee at its absolute discretion.
3. Employee Stock Options (ESOPs'): Mr. Chowdhry has been granted 22,91,667 ESOPs under Grihum's Employee Stock Option Plan 2026. Any gains arising from the exercise of such options and other monetary benefits received shall be deemed to form part of his overall remuneration.
4. Minimum Remuneration: In the event of loss or inadequacy of profits in any financial year during the term of office of Mr. Chowdhry as Managing Director and Chief Executive Officer, the Company will pay to Mr. Chowdhry in respect of such financial years in which such inadequacy or loss arises or a period of 3 years, whichever is

lower, the remuneration as set out above by way of consolidated salary, perquisites and allowances as minimum remuneration, in accordance with the provisions of Section 197 and or Schedule V of the Act or such higher limit as may be approved by the Central Government or other appropriate authority, if any, required in this regard.

5. Mr. Chowdhry shall not be paid any sitting fees for attending the meetings of the Board or Committees thereof.

Information pertaining to revision in the remuneration to be paid to Mr. Chowdhry in accordance with the requirement of Schedule V, Part II, Section II, Clause A of the Act and the provisions of the Secretarial Standards 2 issued by the Institute of Company Secretaries of India is given in Annexure A & B to this explanatory statement.

The Board recommends the passing of the **Special Resolution** as set out in **Item No.4** of the Notice.

None of the Directors, Key Managerial Personnel and their relatives are concerned/interested, financially or otherwise, in the aforesaid resolutions except Mr. Arjun Chowdhry, Managing Director and Chief Executive Officer of the Company.

'Go Home Loan- Go Direct,' which emphasizes prioritizing transparency and simplicity while directly delivering the solutions to its customers. The tagline "*Apna Ghar, Apni Pehchan*" captures the Company's resonance with the customers to build a seamless journey towards homeownership.

The Company strives to accomplish the objective of financial inclusion by serving first-time customers with limited / no access to formal credit. The Company is committed to contribute to the government's objective of 'Housing for All.

The Company navigated a challenging financial year marked by a difficult business environment and pressures on asset quality. Despite these headwinds, it remained focused on sustaining business operations and strengthening its fundamentals. During the year under review, the Company achieved disbursements of ₹ 1,620 Crore, resulting in a closing AUM of ₹ 9,178 Crore.

### **Diversified Funding Portfolio**

The Company has a diversified resource profile with an appropriate mix of PSU Banks, Private Banks, Foreign Banks, NHB and Capital market participants. Grihum's ability to consistently maintain one of the lowest costs of borrowings in the affordable housing finance segment reflects the strength of our financial strategy and credibility in the debt markets. Grihum's approach focused not only on expanding its lender base but also on structuring borrowings across diversified tenors and benchmark rates, thereby enhancing financial flexibility. Weighted Average Borrowing Cost as of 31 March, 2026 was 7.8% as against 8.4% as at the end of the previous Financial Year.

During the year under review, the Company raised ₹ 818 Crore from diversified sources including a drawdown of ₹ 268 Crore from International Finance Corporation (IFC) through a first-of-its-kind landmark Residential Mortgage-Backed Securities (RMBS) transaction.

Concluding the year with over 35 lending relationships, we expanded by adding 5 new relationships including IFC, Punjab National Bank, Woori Bank, IDBI Bank and Bajaj Finance.

As on 31 March 2026, the Company's sources of funding were primarily in the form of Long-Term Loans from Banks (89%) followed by pass-through certificates (PTCs) and Residential Mortgage-Backed Securities (RMBS) (5%), secured working capital facilities (5%) and non-convertible debentures (NCDs) (1%).

### **Efficient Asset-Liability Management (ALM) and Robust Liquidity**

Efficient ALM is the cornerstone of financial strategy, ensuring liquidity adequacy and safeguarding against market risks. The Company has consistently maintained a robust ALM framework, with no negative mismatches across any time buckets.

Prudential liquidity management has enabled the Company to remain resilient through various economic cycles. The Company maintained a comfortable liquidity position as on 31 March, 2026 with ₹ 1,481 Crore.

### **BRANCH EXPANSION**

As on 31 March, 2026, the Company operated from 198 branches and 2 Offices. The Company plans to reinforce its existing branch network by enhancing its distribution channels and increasing its reach through both offline and online initiatives. This includes strengthening the frontline sales team, organizing more local branch-level events, and implementing various brand-building activities aimed at boosting overall awareness of the Company, its brand, and its products.

### **CENTRAL REGISTRY OF SECURITISATION ASSET RECONSTRUCTION AND SECURITY INTEREST OF INDIA (CERSAI)**

The CERSAI is set up under Section 20 of the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI Act). The Company, being a registered member of CERSAI, has ensured that Security Interest has been created against all mortgage loans within the stipulated timeline.

#### **Recovery and Legal Actions:**

The Company initiates collateral repossession under the SARFAESI Act for accounts classified as Non-Performing Assets (NPAs). All processes are in accordance with the prescribed legal procedures. The process begins with a Section 13(2) demand notice, providing borrowers with 60 days to settle liabilities. During the year under review, the Company initiated action against 5,186 defaulting borrowers, successfully recovering ₹ 104 Crore.

Recovery efforts are supported by local statutory authorities and legal counsel, while field teams utilize mobility applications for real-time data and digital receipting. Where property enforcement is less viable, alternative legal tools such as Section 138 and Arbitration may be employed to maximize recovery.

The Company being a financial institution is also registered for taking SARFAESI Action under (“the SARFAESI Act”) and the same has been notified by National Housing Bank.

### **NON-PERFORMING ASSETS AND PROVISIONS FOR CONTINGENCY**

The Company recognizes impairment allowances using the Expected Credit Loss (ECL) method on all financial assets.

ECL are probability weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk but not credit impaired – as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial asset.

- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.
- Undrawn loan commitments – as the present value of the difference between the contractual cash flows that are due to the Company if the commitment is drawn down and the cash flows that the Company expects to receive.

The Company carries a provision of ₹ 111.24 Crore (Previous Year ₹ 102.60 Crore) towards impairment allowance under Expected Credit Loss model.

The amount of Gross Non-Performing Assets (GNPA as per IRACP norms) as on 31 March, 2026 is ₹ 176.18 Crore (Previous year ₹ 128.08 Crore), which is equivalent to 2.34 % and (previous year 1.63%) of the gross loan portfolio of the Company. The total cumulative provision towards GNPA as per IRACP norms as on 31 March, 2026 is ₹ 63.80 Crore (previous year was ₹ 50.29 Crore)

During the year under review, the statutory auditors have not reported to the Audit Committee any instances of fraud under Section 143(12) of Companies Act, 2013. In accordance with the RBI HFC Directions, during the year under review, the Company reported 5 instances of fraud committed by its borrowers with total amount involved of ₹ 1.04 Crore and in all such instances, the borrowers had colluded with few employees of the Company. All these detected/ reported frauds have been fully provided for/written off. Further, the Company has taken appropriate action against such erring employees.

## **INTERNAL CONTROL SYSTEM**

The Company has implemented an adequate system of internal controls, tailored to the nature of its business and the scale of its operations. Details regarding the internal control framework are outlined in the Management Discussion and Analysis Report, which forms part of this Board's Report.

### **a) Internal Financial Control**

The Directors have established a robust framework of internal financial controls, commensurate with the size, scale, and complexity of its operations. These controls are designed to ensure orderly and efficient business conduct, adherence to policies, safeguarding of assets, prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information.

A review of the internal financial controls environment of the Company was undertaken during the year, which included the testing of Entity Level Controls, Process Controls, and IT Controls, along with an evaluation of key business processes for updating the Risk and Control Matrices. The Risk and Control Matrices are reviewed annually, and control measures are appropriately tested and documented. In addition, the Company continuously upgrades its systems and periodically updates its policies, guidelines, manuals, and authority matrix to align with evolving business needs and compliance requirements.

The internal financial control framework is supplemented by internal audits, regular management reviews, and standard policies and guidelines to ensure the reliability of financial and other records used in the preparation and reporting of financial statements and related data. The Audit Committee of the Board reviews internal audit reports along with management responses and monitors the implementation of suggested corrective actions. The Company has, in all material respects, adequate internal financial controls over financial reporting, and these controls are operating effectively.

Based on these evaluations, the Board is of the considered view that the Company has adequate and effective internal financial controls in place, in all material respects.

## RISK MANAGEMENT FRAMEWORK

The Board of Directors of the Company do understand that risk evaluation and risk mitigation are the responsibility of the Board of Directors, and they are fully committed to developing a sound system for identification and mitigation of applicable risks viz., systemic and non-systemic. In line with the Reserve Bank of India (Non-Banking Financial Companies – Prudential Norms on Capital Adequacy) Directions, 2025, the Company has adopted the Internal Capital Adequacy Assessment Process (ICAAP) Policy. Further, it has implemented an Integrated Risk Management (IRM) Policy duly approved by the Board. The Company has also adopted the ICAAP Document in compliance with the Reserve Bank of India (Non-Banking Financial Companies – Prudential Norms on Capital Adequacy) Directions, 2025

ICAAP Policy covers regulatory standards, ICAAP procedures, roles and responsibilities of various functionaries related to development and implementation of the ICAAP as well as various components of the ICAAP document. The ICAAP policy lays down an internal assessment framework on similar lines as ICAAP prescribed under Pillar II of Reserve Bank of India (Commercial Banks - Prudential Norms on Capital Adequacy) Directions, 2025.

The objectives of the ICAAP Policy are:

1. To ensure management of internal capital in accordance with the RBI Directions, and overall Corporate Governance Principles.
2. To describe the process for identification, assessment, measurement, and aggregation of the risks inherent in Grihum's business and operations.
3. To ensure that the available capital is commensurate with Grihum's risk profile.
4. To ensure that there is clear assignment of roles and responsibilities for facilitating the ICAAP.

Pursuant to the Early Warning Signal (EWS) Framework in HFCs dated 26 April, 2023 issued by National Housing Bank, the Company has implemented EWS framework w.e.f. 1 April, 2024. The EWS framework covers 26 Indicators for the retail segment which are tracked regularly by the Company.

Integrated Risk Management (IRM) Framework covers all risks including but not limited to Credit Risk, Operational Risk and Market & Asset Liability Management (ALM), Interest Risk, Compliance Risk and Reputational Risk. The said framework facilitates identification, measurement, mitigation and reporting of risks through constant monitoring of Risk Appetite Statement within the organization. Involvement of the Senior Management team in implementation of the Integrated Risk Management framework ensures achievement of organizational objectives across all business units.

The risk management infrastructure operates on five key principles:

1. An overarching Risk Appetite Statement that defines the shape of the portfolio, delivering predictable returns, through economic cycles, and optimizing enterprise-wide risk-return and capital deployment.
2. Independent governance and risk management oversight.
3. Establishment of forward-looking Strategic Risk Assessment with pre-emptive credit and liquidity interventions, to ensure proactive early action in the event of emerging market adversity.
4. Maintenance of well-documented risk policies with performance guardrails.

5. Extensive use of risk and business analytics, and credit bureau as an integral part of credit decisioning process.

#### **a) Credit Risk**

The Company adopts an independent approval process guided by Credit policies, customer selection criteria, credit acceptance criteria and other credit underwriting processes for sanctioning and booking each loan. This allows each customer to be independently assessed based on both financial and non-financial measures.

All credit and risk management policies are clearly documented and approved by the Risk Management Committee of the Board. Credit policies are reviewed periodically based on changes in macro-economic, industry/segment and credit bureau in addition to internal portfolio performance.

Credit approval and administration is managed through a judicious use of Credit Rule Engine, assessment by seasoned credit appraisal experts and an appropriate delegation of credit authority.

Portfolio quality improvement is a constant exercise. The Company uses the statistical benchmark of Early Warning Indicators and Continuous Portfolio Monitoring Indicators and basis these indicators carry out hindsighting exercise to make appropriate intervention in the Credit Policy to further improve the portfolio quality and reduce the ultimate losses.

#### **b) Operational Risk Management**

The operational risk framework is designed to cover all functions and verticals towards identifying the key risks in the underlying processes.

The framework, at its core, has the following elements:

1. Documented Operational Risk Management Policy
2. Well defined Governance Structure
3. Use of Identification & Monitoring tools such as Loss Data Capture (LDC) and Key Risk Indicators (KRIs)
4. Standardized reporting templates, reporting structure and frequency
5. Regular workshops and training for enhancing awareness and risk culture

The Company has adopted the internationally accepted 3-lines of defense approach to operational risk management.

First line - Each function/vertical undergoes transaction testing to evaluate internal compliance and thereby lay down processes for further improvement. Thus, the approach is “bottom-up”, ensuring acceptance of findings and faster adoption of corrective actions, if any, to ensure mitigation of perceived risks.

Second line – Independent risk management vertical supports the first line in developing risk mitigation strategies and provides oversight through regular monitoring. All key risks are presented to the Risk Management Committee on a quarterly basis.

Third line – Internal Audit conducts periodic risk-based audits of all functions and process to provide an independent assurance to the Audit Committee.

### **c) Fraud Risk Management**

#### **Overview**

Fraud can undermine the effective functioning and divert scarce and valuable resources of the organization. Moreover, fraudulent and corrupt behavior can seriously damage reputation and diminish trust to deliver results in an accountable and transparent manner. To combat fraud, the organization has effective corporate governance and framework for preventing, identifying, reporting and effectively dealing with fraud and other forms of corruption. The Company is consistently putting effort to prevent, detect and contain frauds. There is an independent Unit (Fraud Risk Management) to monitor, investigative, detect and prevent frauds.

#### **Scope**

The Company is committed to preventing, identifying and addressing all acts of fraud against the organization, whether committed by the staff members or other personnel or by third parties. The Company has zero tolerance for fraud. To this effect, the Company is committed to create awareness on fraud risks, implementation of controls aimed at preventing fraud, and establishing and maintaining procedures applicable to the detection of fraud.

#### **Governance Structure**

As a second line of defence, Fraud Risk Management monitors & checks compliance and reports all fraud (internal/External) in the institution on an ongoing basis. The independent function reports to the Chief Risk Officer (CRO). All frauds as specified by the regulator are being monitored by the Audit committee and Board of Directors. Regular online training sessions are conducted for better fraud prevention and awareness.

### **d) Market Risk**

Any mismatch in the tenures of borrowed and disbursed funds may result in liquidity crisis and thereby impact the Company's ability to service its loans. Thus, it is imperative that there exists nil or minimal mismatch between the tenure of borrowed funds and assets funded. The Company has well-defined treasury policies for managing liquidity, investments, interest rates and borrowings. The Company endeavors to maintain appropriate asset liability maturity with regard to its tenure and interest rates.

### **e) Foreign exchange risk**

The Company does not have any foreign exchange fluctuation risk, since its disbursements are in rupee terms and the nature of its borrowings are also in domestic rupee debt or fully hedged Foreign Currency Non – Resident Account borrowings.

#### **f) Liquidity risk management**

The Company has worked meticulously to diversify its borrowing profile and has repeatedly enhanced the set of institutions it borrows from. Such diversified and stable funding sources emanate from several segments of lenders such as Banks, Insurance Companies, Mutual Funds, Pension funds, Financial and other institutions including Corporates and Foreign Portfolio Investors. In addition to this, the Company has established an excellent track record in its access to the securitization/ assignment market. As a matter of prudence and with a view to manage liquidity risk at optimum levels, the Company keeps suitable levels of unutilized bank limits to mitigate all possible contingencies effectively.

The Company has in place Board level Asset Liability Management Committee (ALCO), which periodically reviews the asset-liability positions, cost of funds, and sensitivity of forecasted cash flows over both, short and long-term time horizons. It accordingly recommends corrective measures to bridge the gaps, if any. The ALCO reviews the changes in the economic environment and financial markets and suggests suitable strategies for effective resource management. This results in proper planning on an on-going basis with respect to managing various financial risks viz. asset liability risk, foreign currency risk and liquidity risk.

The Company has a comfortable liquidity position by committed/unutilized Bank line and further supported by funds raised through Term Loans and Securitization.

#### **g) People Risk**

Human resources are the most valuable assets. The Company focuses on continuous training and upgrading the skills of its staff across the organization. The Company's L&D team has taken a number of initiatives during the year by releasing knowledge nuggets and e-Learning modules which enable employees to self-learn and upgrade their skills.

The Company provides a conducive work environment for its employees that enables them to perform well and hone their skills. The policies are designed to ensure a healthy and safe workplace, free from discrimination or harassment. Human Resource are most valuable asset, and the Company is committed to attract, engage and retain talent to create long-term value for our customers and stakeholders.

People's risks that the Company focuses on include the following:

##### **Inadequate availability of skilled manpower:**

Limited availability of candidates with appropriate skillset, experience and culture fitment.

##### **Productivity Risk:**

- Longer learning curve leads to low output.
- Time taken to filling of required manpower hampers installed capacity.

##### **Succession planning:**

Risk for business continuity due to lack of leadership succession.

The Company is proactive in identifying and addressing risk aspects around people and addresses them in a timely and comprehensive manner. Further, the Board of Directors are of the opinion that at present there are no material risks that may threaten the functioning of the Company.

### **REMUNERATION POLICY**

The Nomination and Remuneration Committee of the Board has devised a policy for the selection and appointment of Directors, Key Managerial Personnel and other Senior Management Personnel and their remuneration. During FY 2025-2026, the Company has complied with IRDAI (Registration of Corporate Agents) Regulations, 2015 and has duly filed/ submitted various returns, reports and intimations within the prescribed time-limit.

During Financial Year 2025-26, there have been no delays in filing the regulatory disclosures, returns and forms with respect to Foreign Direct Investment for the financial year under review. The Company has complied with the requirement for Auditor Certification and other requirements with respect to the downstream investment made by the Company, pursuant to the Foreign Exchange Management Act, 1999.

The Company remains vigilant in tracking regulatory developments and presents and updates of all pertinent circulars, notifications, guidelines, and directives to its Board of Directors at regular intervals. This proactive approach ensures that the Board remains well-informed about mandatory legal and regulatory compliance requirements while enabling timely action on evolving statutory norms. The Company has also finalized its financial statements for the year in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India.

### **Regulatory Landscape for Housing Finance Companies (HFCs) and Non-Banking Financial Companies (NBFCs)**

In recent years, the Reserve Bank of India (RBI), along with the National Housing Bank (NHB), has introduced a series of regulatory reforms aimed at strengthening the overall risk management framework and governance standards across Housing Finance Companies (HFCs) and Non-Banking Financial Companies (NBFCs). These reforms have had a constructive impact on enhancing financial stability and institutional resilience within the sector.

A significant development in this regard was the consolidation of various regulatory instructions on an entity-wise basis by the RBI, pursuant to which the RBI HFC Directions, 2025, applicable to HFCs, were issued on 28 November, 2025. The said Directions adopt a harmonised regulatory approach by streamlining detailed provisions into 27 such Directions, requiring Housing Finance Companies (HFCs) to adhere to the relevant RBI Directions for specific regulatory areas.

Further, the introduction of the New SBR Directions, effective November 2025, classifies NBFCs, based on their size, activity, and risk perceived, into four layers, NBFC – Base Layer (NBFCs-BL), NBFC – Middle Layer (NBFCs-ML), NBFC – Upper Layer (NBFCs-UL) and NBFC – Top Layer (NBFCs-TL).

As per the prescribed SBR criteria's in the Old SBR Directions and New SBR Directions, the Company continues to be categorized in the Middle Layer (NBFCs-ML) and accordingly complies with all applicable regulations, key governance and financial prudence aspects including Internal Capital Adequacy Assessment Process, Income Recognition, Asset Classification, Provisioning, Regulatory Restrictions on Loans, Regulatory Disclosures, Compliance Policy and Chief Compliance Officer appointment, Compensation Guidelines for Key Managerial Personnel and Senior Management, Fraud Reporting, Outsourcing Activities and the implementation of Core Financial Services Solution, among others. The Company has fully adhered to these provisions within the prescribed timelines.

In addition, in line with supervisory reporting requirements, the Company has ensured the timely and accurate submission of reports as mandated under the Master Circular on Returns to be submitted by Housing Finance Companies, issued by the National Housing Bank (NHB), as well as other data and information prescribed by NHB and the RBI from time to time. The Company remains committed to upholding the highest standards of regulatory compliance, risk management, and corporate governance, thereby strengthening its operational resilience and stakeholder confidence.

The Company continued to ensure that Fair Practice Code, KYC Norms and Anti Money Laundering (AML) Standards as per the guidelines issued by the NHB/RBI from time to time and are invariably adhered to and duly complied with by the Company. The Company has put in place Board approved robust Know Your Customer (KYC) & Anti Money Laundering (AML) Measures Policy ("KYC & AML Policy") for compliance by the branches and the same is reviewed by the Board periodically. The Company has adopted the Fair Practices Code, reinforcing its commitment to ethical business practices and customer-centric operations. This Code sets forth the guiding principles for fair dealings with customers and incorporates an efficient grievance redressal mechanism to ensure prompt resolution of customer concerns.

#### **PREVENTION OF SEXUAL HARASSMENT (POSH) OF WOMEN AT THE WORKPLACE**

The Company is committed to maintaining the dignity of all its employees, irrespective of gender, and has a policy in place for protection against sexual harassment at the workplace. Complaints are addressed through the Internal Complaints Committee in a structured and timely manner, constituted in accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH Act). The Company has complied with the provisions of the POSH Act while dealing with each complaint. To raise awareness and understanding of this issue, an online learning module with the latest update has been

implemented. Additionally, the Company has been conducting additional virtual sessions/webinars to bring more awareness among the employees. Similarly, the Internal Committee undergoes targeted training for effective and fair management of complaints received. The Company has filed the necessary returns and reports under the POSH Act within the prescribed timelines. The following is a summary of sexual harassment complaints received and disposed off during the year 2025-26.

Sr. No.	Particulars	Remarks
1.	No. of complaints received	4
2.	No. of complaints resolved	4
3.	No of cases pending for more than 90 days	Nil

#### **MATERNITY BENEFIT ACT 1961:**

The Company is committed to fostering an inclusive and supportive workplace and complies with the provisions of the Maternity Benefit Act, 1961, as amended from time to time. The Company provides maternity benefits, including paid maternity leave and related entitlements, in accordance with applicable laws.

#### **CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNING AND OUTGO**

##### **Conservation of Energy:**

As the Company has not undertaken manufacturing activity, the disclosure under the applicable laws is not required. However, the Company has consistently taken appropriate measures to ensure efficient energy use and maximize savings. The Company has also reduced Greenhouse Gases emissions by replacing DG sets with inverter-based power backup systems and by adopting R-32 refrigerant in place of R-22 and R-410A for air-conditioning. The Company has installed smart meters in 29 high energy consuming branches to optimize power usage and has designed its offices to maximize natural light.

##### **Technology Absorption:**

The Company has successfully completed its digital transformation journey with strong digital adoption across business verticals. An end-to-end Loan Origination System (LOS), CRM, and Partner Portal have been developed on a modern low-code technology platform, enabling seamless management of the lending lifecycle. The Company has also implemented digital platforms for employee recruitment and onboarding, while both customer and employee onboarding are enabled through secure digital-KYC processes, ensuring a faster and paperless experience.

Advanced mobile applications support field sales productivity, while risk-based underwriting models enhance credit assessment and fraud prevention. Additionally, robust security controls such as Data Loss Prevention (DLP) and Information Rights Management (IRM) tools safeguard Personally Identifiable Information (PII) and sensitive customer data.

##### **Foreign Exchange Earnings and Outgo:**

During the year under review, the Company did not have any foreign exchange earnings in terms of actual inflow and the foreign exchange outgo in terms of actual outflow.

### Annexure 3 to the Board's Report

#### **Annual Report on Corporate Social Responsibility (CSR) Activities for Financial Year 2025-26**

##### 1. Brief outline on CSR Policy of the Company

The Company firmly believes that it has a commitment towards all stakeholders including customers, employees and the local community. It recognizes that sustainable and inclusive growth is essential to fulfill this commitment. The Company aims to improve the quality of life through its positive intervention in the community.

Embracing a long-term perspective, the Company has implemented key CSR initiatives aimed at ensuring sustainability and delivering long-term benefits to society. During the year under review, the Company has carried out CSR activities under the following projects:

1. **Khushiyon Ka Angan** is dedicated to promoting the education of underprivileged girl children, empowering them to achieve their full potential. The Company's aim is to provide sustained educational opportunities to those who need it the most. To achieve this goal, the Company supported 29 girl children during the Financial Year (FY) 2025-26.
2. **Hunar Se Parichay** focused on skill development, the program supports individuals in building practical, employable skills by immersing them in real professional environments. During FY 2025-26, the Company spearheaded an apprenticeship program under this initiative, enabling 190 individuals to learn and work simultaneously. This approach fosters self-sufficiency and employability, creating lasting impact in the lives of beneficiaries and the communities they belong to.
3. **Swayam**: The Company encourages its employees to actively participate in CSR initiatives, fostering a culture of giving back to society. During the year under review, the Company's efforts spanned health, environment, and women's welfare across multiple states. To improve healthcare access for pilgrims, the Company organized 3 first aid camps in Pune, catering to 15,000+ individuals. Reinforcing its commitment to environmental sustainability, the Company installed 75 solar panels across 73 Police Stations and 2 educational institutions in Lucknow and Ghaziabad, Uttar Pradesh. The Company further supported women's health by installing 15 sanitary napkin vending machines and incinerators, each pre-stocked with 1,000 napkins in Women's Police Training Centers across Madhya Pradesh.

- 2. The Audit Committee shall also review the status of long - term (more than one year) or recurring RPTs on an annual basis.
- 3. The Audit Committee will undertake quarterly evaluation of all Related Party Transactions. If that evaluation indicates that the Related Party Transaction would require the approval of the Board, or if the Board in any case elects to review any such matter, the Audit Committee will report the Related Party Transaction, together with a summary of material facts, to the Board for its approval.
- 4. If a Related Party Transaction is of ongoing nature, the Board / Audit Committee may establish guidelines for the Company's management to follow in its ongoing dealings with the Related Party. The Audit Committee of the Board, on at least an annual basis, shall review and assess on-going relationships with such Related Party to ensure that they are in compliance with the Applicable Laws and this Policy and that the Related Party Transaction remains appropriate.

5. If the Board is of the view that the Related Party Transaction needs to be approved at a general meeting of the shareholders by way of a resolution pursuant to Applicable Laws, the same shall be put up for approval by the shareholders of the Company. The Board shall ensure that in accordance with Applicable Laws, Related Parties shall not vote in favour of any such resolution put to vote by the shareholders of the Company, irrespective of whether the said Related Party is a party to the said Related Party Transaction which is being put to vote.

**F. Ratification of the Related Party Transaction**

1. Where, owing to exigencies, Related Party Transactions have been entered into without being placed for approval by the Audit Committee, reasoned explanation for the same must be provided to the satisfaction of the Audit Committee. The Audit Committee may ratify such transactions or may put forth the transactions before the Board along with its recommendations within 3 months from the date of entering into such transaction, and the Board may either ratify such transactions or seek to avoid the same. The Audit Committee's recommendations may also include appropriate measures authorising such transactions without approval of the Audit Committee.
2. If the Company has entered into a Related Party Transaction without the approval of the Board / general meeting, as may be required, then the said Related Party Transaction shall be ratified at the Board meeting / general meeting, within 3 months of entering in the Related Party Transaction, at the discretion of the Board/ Shareholders as the case may be.
3. In case any transaction involving any amount not exceeding Rs. 1 crore is entered into by a director or officer of the Company without obtaining the approval of the Audit Committee and it is not ratified by the Audit Committee within 3 (three) months from the date of the transaction, such transaction shall be voidable at the option of the Audit Committee and if the transaction is with the related party to any director or is authorised by any other director, the director concerned shall indemnify the Company against any loss incurred by it:

Provided that the above provisions shall not apply to a transaction, other than a transaction referred to in section 188 of the Act, between a holding company and its wholly owned subsidiary company.

4. The ratification by the Audit Committee shall be subject to following conditions:
  - a. Only the members of the audit committee, who are independent directors, may ratify related party transactions;
  - b. Ratification shall be done within three months from the date of the transaction or in the immediate next meeting of the Audit Committee, whichever is earlier;
  - c. The value of the ratified transaction(s) with a Related Party, whether entered into individually or taken together, during a financial year shall not exceed Rs. 1 crore;
  - d. The said transaction does not fall under the category of Material Related Party Transactions under this Policy;
  - e. Rationale for inability to seek prior approval for the transaction shall be placed before the Audit Committee at the time of seeking ratification;

- f. The details of ratification shall be disclosed along with the disclosures of related party transactions to the stock exchange(s) in the format as specified by SEBI from time to time and publish the same on the website of the Company.
5. Where any contract or arrangement is entered into by a director or any other employee, without obtaining the consent of the Board or approval by a resolution in the general meeting, as the case may be and if it is not ratified by the Board or, as the case may be, by the shareholders at a meeting within 3 (three) months from the date on which such contract or arrangement was entered into, such contract or arrangement shall be voidable at the option of the Board or, as the case may be, of the shareholders and if the contract or arrangement is with a related party to any director, or is authorised by any other Director, the Directors concerned shall indemnify the Company against any loss incurred by it.
6. In any case where either the Audit Committee/Board/General Meeting determines not to ratify a Related Party Transaction that has been commenced without approval, the Committee or Board or the general meeting, as the case may be, may direct additional actions including, but not limited to, immediate discontinuation or rescission of the transaction, or modification of the transaction to make it acceptable for ratification.

#### **G. Standards for Review**

A Related Party Transaction reviewed under this Policy will be considered, approved or ratified if it is authorized by the Audit Committee / Board, as applicable, in accordance with the standards set forth in this Policy after full disclosure of the Related Party's interests in the transaction.

The Audit Committee / Board will review all relevant information available to it about the Related Party Transaction. The Audit Committee / Board, as applicable, may approve / ratify / recommend to the shareholders, the Related Party Transaction only if the Audit Committee / Board, as applicable, determines in good faith that, under all of the circumstances, the transaction is fair as to the Company. The Audit Committee / Board, in its sole discretion, may impose such conditions as it deems appropriate on the Company or the Related Party in connection with approval of the Related Party Transaction.

#### **H. Determination of Ordinary Course of Business**

The transactions which are incurred by the Company in carrying the main object of the Company shall be treated as transaction in the Ordinary Course of business. For determining "Ordinary Course of Business", the Company shall consider all acts and transactions undertaken by the Company, including, but not limited to sale or purchase of goods, property or services, leases, transfers, providing of guarantees or collaterals, which, are done on a routine basis and are not standalone transaction(s). The Company would take into account the frequency of such activity and its continuity, in a normal organised manner, while determining what is in the ordinary course of business. Further, the transaction should not be:

- A. any exceptional or extra-ordinary activity as per applicable accounting standards or financial reporting requirements.
- B. any sale or disposal of any undertaking of the Company, as defined in explanation (i) to clause (a) of sub-section (1) of section 180 of the Act.

## ANNEXURE A

### **OPERATIONAL FRAMEWORK FOR RELATED PARTY TRANSACTIONS:**

The RPT would be identified in the following manner:

#### **(1) Identification of Related Parties:**

The Company shall identify Related Parties as defined under this Policy with respect to the given specific transactions. The list of Related Parties needs to be updated once in a year, on 1<sup>st</sup> April every year, and during the year, on the basis of the specific events bringing change to the list of related parties. The list of Related Parties maintained by the Company should include Related Parties of its subsidiary companies as received from the concerned officer of such Subsidiary Company.

The Compliance officer should at all times ensure:

The list of Related Parties should be updated by Secretarial Department of the Company and respective departments of its subsidiaries, upon receipt of disclosures from the Directors and Key Managerial Personnel of the Company. The list would be circulated with accounts and other concerned department.

Prior to entering into any transaction, whatsoever, the Business/ Functional Heads shall refer to the latest Related Party list circulated by the Secretarial team to assess whether the party with whom the transaction is proposed to be entered is a Related Party.

If the party is not a Related Party, then they shall be required to follow the normal business protocol for executing such transactions. However, if the party is identified as a Related Party, the Business/ Functional Heads would need to ensure that the RPT is being entered in accordance with the framework for RPT and seek a prior approval of the Audit Committee for undertaking such RPT in accordance with this Policy.

#### **(2) Identification of Transactions:**

Every transaction with Related Parties shall be screened through the transactions mentioned under section 188(1) of the Act and Regulation 2(zc) of Listing Regulations. If any transaction qualifies, approval of the Board of Directors shall be required for transactions other than for those entered in ordinary course of business and on arm's length basis.

If the said transaction also qualifies to be a Material Related Party Transaction as defined under this Policy, prior approval of the members shall be required before entering into the transaction.

#### **(3) Parameters of applicability of Ordinary Course of Business and transaction pricing at Arm's Length:**

- a. The Company generally undertakes transactions with Related Parties in its ordinary course of business and at arms' length basis and such transaction do not require prior approval of the Board of Directors under the purview of Section 188 of Act. However, such transactions need to be approved by the Audit Committee.

**b. The parameters for Arm's length nature be gauged based on any one or more of the following criteria:**

The illustrative test for determining pricing shall be as follows:

- i. Price charged by the Company to Unrelated Parties
- ii. Obtaining two or three quotes from Unrelated Parties for similar transactions, subject to the availability of the same.
- iii. Independent Valuations
- iv. Market Price if readily available and if the market exists for the same
- v. Commercially negotiated contract

The terms of contract/arrangement other than pricing are generally on a basis similar to those as may be applicable for similar category of goods/services for similar category of counterparties. Also, the Company as and when required, shall seek professional advice for determination of arm's length basis. The rest of the considerations for determining the arm's length nature of any related party transaction will be in accordance with Clause D of the Policy.

**c. Arm's Length criteria/process to be observed:**

- i. In order to ensure compliance with the principle of arms' length nature in terms of section 188 of the Act, originator of such transactions shall provide comparative analysis of the similar transaction with an unrelated party.
- ii. The responsibility of ensuring that the transactions with Related Party are undertaken at arm's length basis rests with the Head of the respective Department originating the transaction. Any transactions with the Related Parties shall primarily be reviewed by the following:
  - (1) Chief Financial Officer
  - (2) Company Secretary,
  - (3) Compliance Officer (RBI/NHB)
  - (4) Head of the respective Department (Originator)
  - (5) and such other person as may deem appropriate in the given situation/transaction having relevant expertise and experience to assess the RPT.

The Audit Committee shall consider all relevant facts and circumstances regarding the RPT and shall evaluate all options available to the Company, including ratification, revision or termination of the RPT.

**Approval Matrix**

## MANAGEMENT DISCUSSION AND ANALYSIS

### INDUSTRY STRUCTURE AND DEVELOPMENTS

#### ECONOMIC OVERVIEW

##### Global Economic Overview

Global economic conditions have been impacted by the escalation of geopolitical tensions in the Middle East, leading to a sharp increase in energy prices and disruption of global supply chains. Crude oil prices have risen significantly and exceeded USD 100 per barrel, reflecting supply disruptions and heightened uncertainty.

Domestic and global economic activity has continued to expand, although uncertainty about the economic outlook remains elevated. Central banks have maintained a cautious approach, with the U.S. Federal Reserve keeping the policy rate at 3.50%–3.75% and the Bank of England maintaining the Bank Rate at 3.75%.

Inflation is expected to rise in the near term due to the impact of higher energy prices. In the UK, CPI inflation is projected to remain around 3%–3.5% in the near term, driven by higher fuel and utility prices and potential indirect effects from increased business costs.

Financial markets have experienced increased volatility, with equity prices declining, sovereign bond yields hardening, and safe-haven demand strengthening the US dollar. Disruptions in energy markets and shipping routes are expected to weigh on global trade and economic activity.

Overall, uncertainty remains elevated, with risks to growth and inflation arising from the intensity and duration of the ongoing conflict and its impact on energy markets and supply chains. Monetary policy authorities remain vigilant and data-dependent in assessing the evolving outlook.

IMF has revised the 2026 global growth outlook downward by 20 bps to 3.1% with the assumption that the outbreak of war in the Middle East will have limited duration, intensity and scope such that the disruptions will fade by Mid-2026. The global growth rate can come down to just 2% in an adverse scenario. Global inflation is expected to rise to 4.4% in 2026, indicating persistent price pressures led by commodity shocks. Growth risks are tilted to the downside, as elevated energy prices, supply chain disruptions and geopolitical uncertainty weigh on consumption, investment and global trade

##### Indian Economic Overview

Until the outbreak of hostilities, India continued to remain one of the fastest-growing major economies globally, with real GDP growth estimated at 7.6% in FY 2025-26, improving from 6.5% in FY 2024-25, reflecting strong underlying momentum in economic activity. The Indian economy has demonstrated

resilience despite heightened global uncertainties, including geopolitical tensions, supply chain disruptions, and elevated energy prices.

Since the economic reforms of 1991, India’s growth trajectory has strengthened over time, with the post-pandemic period witnessing a robust recovery supported by strong domestic demand. India’s macroeconomic fundamentals remain robust, with healthier balance sheets across banks and corporates, strong credit growth, and a well-capitalised financial system.

### India’s GDP Growth

India’s growth continues to be supported by robust private consumption and investment demand, favourable financial conditions, and ongoing structural reforms. However, global headwinds—particularly the ongoing West Asia conflict—have increased risks through higher input costs, supply disruptions, and volatility in financial markets.

Conditions turned adverse since March 2026 with the widening of the conflict in West Asia and its intensification. The Government of India has taken several measures targeted at supporting exports and protecting supply chains. This should mitigate the adverse impact of the conflict. Accordingly, real GDP growth is projected at 6.9% for FY 2026-27, with risks tilted to the downside amid elevated global uncertainty. On the inflation front, CPI inflation remained contained at 3.2% in February 2026, though inflation is projected at 4.6% for FY 2026-27, with upside risks from energy prices and weather-related factors.

Overall, while global risks remain elevated, India’s strong domestic fundamentals, resilient demand conditions, and stable financial sector position it well to sustain growth momentum.

### Indian Housing Finance Industry

The residential housing sector continues to be a key driver of economic growth, given its strong linkages with allied industries such as construction, manufacturing and financial services. The sector not only addresses critical social needs but also generates employment and stimulates broader economic activity through its multiplier effect.

India’s housing finance market has maintained a steady growth trajectory, with total housing credit expanding by ~10% YoY to ₹40.8 lakh crore as of September 2025, reflecting sustained demand across

segments. The affordable housing segment, in particular, remains a key growth driver and continues to benefit from strong demand fundamentals, favorable demographics and an underpenetrated market.

Going forward, growth in the affordable housing segment is expected to remain robust, with AUM projected to expand by 19–21% over FY 2026-27, supported by government initiatives such as ‘Housing for All’ and increasing focus on financial inclusion. AHFCs currently account for ~15% of the overall HFC portfolio, indicating significant headroom for further expansion.

Overall, the housing finance sector, particularly the affordable housing segment, is expected to maintain a stable growth outlook, supported by structural demand drivers, favourable policy environment and increasing urbanisation, while asset quality and funding costs remain key monitorables in the near to medium term.

## **Key enablers of Indian housing finance**

### *Policy Momentum*

Government-led schemes like PMAY and interest subsidies are unlocking massive potential in the affordable housing market. With regulatory backing and financial incentives, housing finance is more accessible than ever before.

### *Tech-Driven Disruption*

Digital lending is redefining the way Indians access home loans. Thanks to AI, machine learning, and APIs, getting a home loan is now quicker, safer, and smarter. From e-KYC to instant approvals, digital tools are leading the charge.

### *Urban Growth Explosion*

Small Towns are growing—and so is the demand for housing. Whether it’s urban migration or the emergence of urban hubs, real estate growth is translating into huge opportunities for housing finance players.

### *Demographic Dividend*

India’s youthful population, with rising aspirations and income levels, is stepping into homeownership earlier than ever. The growing trend of nuclear families is further fuelling housing demand across urban and semi-urban areas.

### *Income Upsurge = Buying Power*

Rising per capita income means more Indians can afford to buy their dream home. As affordability improves, housing finance becomes not just a need—but a powerful enabler of aspiration.

The desire to own accommodation in metropolitan and Tier I cities along with the increase in disposable income have contributed significantly to the growth of housing finance companies in India. Further, the expansion in population is expected to spur the demand for housing provisions, thereby facilitating the growth of the industry in FY 2025 notably.

### Overview of Company's performance during FY 2025-26

The Company navigated a challenging financial year marked by a difficult business environment and pressures on asset quality. Despite these headwinds, it remained focused on sustaining business operations and strengthening its fundamentals. During the year, total disbursements stood at ₹ 1,620 Crore, resulting in a closing AUM of ₹ 9,178 Crore. Home loans continued to be the primary focus, constituting 77% of the loan book, with the balance being loans against property. The self-employed segment remained significant, contributing 62 % to the overall loan portfolio.

The Company has a diversified resource profile with an appropriate mix of PSU Banks, Private Banks, Foreign Banks, NHB and Capital market participants. Grihum's ability to consistently maintain one of the lowest costs of borrowings in the affordable housing finance segment reflects the strength of our financial strategy and credibility in the debt markets. Grihum's approach focused not only on expanding its lender base but also on structuring borrowings across diversified tenors and benchmark rates, thereby enhancing financial flexibility. Weighted Average Borrowing Cost as of 31 March, 2026 was 7.8% as against 8.4% as at the end of the previous Financial Year.

During the year under review, the Company raised ₹ 818 Crore from diversified sources including a drawdown of ₹ 268 crores from International Finance Corporation (IFC) through a first-of-its-kind landmark Residential Mortgage-Backed Securities (RMBS) transaction. Concluding the year with over 35

lending relationships, we expanded by adding 5 new relationships including IFC, Punjab National Bank, Woori Bank, IDBI Bank and Bajaj Finance.

As on 31 March 2026, the Company's sources of funding were primarily in the form of Long-Term Loans from Banks (89%) followed by pass-through certificates (PTCs) and Residential Mortgage-Backed Securities (RMBS) (5%), secured working capital facilities (5%) and non-convertible debentures (NCDs) (1%).

The Company's net worth reached ₹ 2,804 Crore at the end of the financial year under review, up from ₹ 2,601 Crore in the previous fiscal year. As a result, the Company's leverage ratio stands at 1.9x as on 31 March 2026. The Company carries robust liquidity of more than ₹ 1,481 Crore as on 31 March, 2026 with a well-matched ALM in line with its asset profile. The Company reported a higher Capital Adequacy Ratio of 53.47 % as on 31 March, 2026, which is well above the minimum regulatory threshold limit.

The Company has maintained a strong focus on portfolio management, risk management and collections, and has undertaken timely corrective measures to address pressures on asset quality. The Company has reported the Gross NPA (GNPA) of 2.34 % as at the end of FY 2025-26 (FY 2024-25: 1.63%) which is aligned with the industry average. The Company carries robust Provision Coverage Ratio at 36.2 % (FY 2024-25: 39.3%) and has overall provision coverage at 1.5% (FY 2024-25: 1.3%) of loan book as on 31 March, 2026.

The Interest Income of the Company has been lower by ~ 1 % to ₹ 1,254 Crore in FY 2025-26 (FY 2024-25: ₹ 1,275 Crore). The Company has reported a Profit After Tax (PAT) of ₹ 185 Crore in FY 2025-26 against ₹ 211 Crore in FY 2024-25.

## **OPPORTUNITIES, CHALLENGES AND OUTLOOK**

### **Strengths**

- Backed by TPG - leading global alternative asset management firm, with a controlling stake of 97.94% as on 31 March, 2026.
- National Scale Affordable Housing finance company with higher share of home loans in the overall product mix with complete reliance on direct sourcing to acquire superior quality assets.
- Strengthened capital position with significantly lower leverage provides significant headroom for further growth.
- Extensive branch network (Over 198 branches and 2 Offices) and geographically diversified loan book (with presence in 18 States & UTs) catering to ~84,000 customers, with no single region contributing greater than 20% in overall loan book, to mitigate any local geo-political risks. The Company enjoys a distinct competitive advantage by reaching to a varied geographic clientele. This extensive distribution enables Company to expand its market presence and shares strategically.
- Deep understanding of customer segment; Strong knowledge of local market and regional dynamics. The Company's expertise in catering to underserved semi-urban and rural geographics provides a strategic advantage in penetrating untapped markets. 100% mortgage-backed retail loans. No wholesale exposure to builder / developer. Majority of the collateral is self-occupied residential properties.
- Scalable Model and Independent 'Unit' Structure. The unit model in a usual scenario can operate independently within the policy framework and is required to approach the hierarchy only for exceptions. This model is efficiently aided by technology enablers to make the process seamless from sourcing to disbursement.
- Robust Credit Underwriting & Appraisal. The decentralized and vertical approach with segregated legal, technical and credit underwriting team has ensured superior portfolio quality.
- The Company strives to accomplish its objectives of 'Housing for All' and financial inclusion by serving first time customers with limited access to formal credit by our deep presence in semi-urban and rural segments.

- Experienced leadership team with demonstrated track record of scaling of the HFC business.
- Superior credit rating of 'CRISIL AA/ Stable' for its long-term borrowing programme.
- Enjoys credit facilities from 35 leading banks and financial institutions.

#### **Challenges, Risks and Concerns**

- The customers of the Company are a mix of self-employed and salaried with majority of them in Tier II to Tier VI cities; thereby exposing the Company to the relatively economically vulnerable borrower segment. Since this segment is highly susceptible to the impact of economic downturn, maintaining good asset quality while increasing the scale of operations is a key sensitivity. However, the Company maintains average LTV ratio in the range of 50%-60% and most of the assets are self-occupied thus the borrowers are tied up with moral obligation to pay, thereby mitigating this risk.
- Competition from banks and other large non-bank players in the industry will always prove to be a challenge for the housing finance companies with high risk of balance transfers.

#### **Opportunities**

- Favourable growth prospects for affordable housing in India; India having one of the lowest Mortgage-to-GDP ratios vis-à-vis advanced economies indicates strong growth potential.
- The government's continued emphasis on bridging the housing shortage, through welfare schemes like PMAY 2.0 and its strong commitment to promoting "Housing for All," remains a key driver for the sector.

#### **Threats**

- Slower than envisaged economic growth due to global geo-political issues, can impact credit growth. However, the Company is better-off placed in comparison to its peers due to its unique business model and direct sourcing abilities.
- Inflation affects the purchasing power of people which is not a desirable phase of economic activity. Rising inflation may affect the savings of people and their repayment obligations consequently. However, the Company follows a strict policy on maximum allowable debt burden ratio to mitigate this risk.

#### **Outlook for the Company**

In view of the overall sector outlook detailed above, the Company is well poised towards becoming a most trustworthy brand in the affordable housing finance space with its pan-India presence and it is likely to keep growing considering the following:

- The Company has a robust business model with strong direct sourcing capabilities to acquire superior quality assets.
- Synergies between the Company and TPG's investee companies in the form of development of digital infrastructure and process efficiency practices.

- The Company has a well-skilled and experienced management team with extensive domain knowledge and excellent execution track record in the lending business.
- The Company has implemented robust risk management and credit underwriting policies/procedure.
- The Company has been continuously investing to build robust, updated technological infrastructure along with paperless workflows for better customer experience.

### **Internal control system**

The Company has established a robust internal control system, tailored to the nature, scale, and complexity of its operations. Its policies, procedures, and controls are thoroughly documented across all financial and operational activities. The internal control framework includes IT general controls, IT application controls, and other mechanisms that provide reasonable assurance regarding the reliability of financial reporting, the operational efficiency and effectiveness, safeguarding of assets against unauthorized use or loss, compliance with relevant regulations, prevention and detection of fraudulent activities and other irregularities. The Company continuously endeavors to align its processes and controls with industry-leading practices, ensuring compliance with the highest standards of governance and operational excellence.

The Internal Audit function is independent and provides reasonable assurance on the adequacy and effectiveness of the Company's internal control system and risk management framework. Internal audit activities are carried out in accordance with Risk-Based Internal Audit (RBIA) requirements, and the Internal Audit Charter is duly approved by the Audit Committee. Further, an annual risk-based audit plan is prepared and approved by the Audit Committee, and significant audit findings along with the status of management action plans are reviewed on a quarterly basis to enable continuous monitoring and timely implementation of corrective actions.

Furthermore, the Company has implemented an effective internal control system over financial reporting (ICFR) that adequately addresses the risk of material misstatement in its financial statements. These controls are designed to ensure that errors or irregularities are prevented or detected and corrected on a timely basis, thus supporting the integrity and reliability of the Company's financial reporting process.

### **Internal financial control**

The Company has established a robust framework of internal financial controls, commensurate with the size, scale, and complexity of its operations. These controls are designed to ensure orderly and efficient business conduct, adherence to policies, safeguarding of assets, prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information.

A review of the internal financial controls environment of the Company was undertaken during the year, which included the testing of Entity Level Controls, Process Controls, and IT Controls, along with an evaluation of key business processes for updating the Risk and Control Matrices. The Risk and Control

Matrices are reviewed annually, and control measures are appropriately tested and documented. In addition, the Company continuously upgrades its systems and periodically updates its policies, guidelines, manuals, and authority matrix to align with evolving business needs and compliance requirements.

The internal financial control framework is supplemented by internal audits, regular management reviews, and standard policies and guidelines to ensure the reliability of financial and other records used in the preparation and reporting of financial statements and related data. The Audit Committee of the Board reviews internal audit reports along with management responses and monitors the implementation of suggested corrective actions. The Company has, in all material respects, adequate internal financial controls over financial reporting, and these controls are operating effectively.

Based on these evaluations, the Board is of the considered view that the Company has adequate and effective internal financial controls in place, in all material respects. The financial statements are certified by the statutory auditors as clean and unqualified with no emphasis on matter.

## **HUMAN RESOURCES**

The Company considers people, processes, products, and technology as essential elements of the business. The goal of the Company is to create a conducive environment where these four pillars work together efficiently for the betterment of the organisation and its people. At Grihum, we have a multifaceted workforce of 4,036 employees spread across 18 states and 198 branches and 2 Offices. We leverage technology to stay connected and streamline our Human Resources (HR) processes. We continue to invest in our internal talent while inducting lateral talent for critical positions.

### **Learning and Capability Development**

In an environment defined by rapid change, Learning & Development is a strategic lever for driving business performance, strengthening capabilities, and enabling sustained growth. We have taken a focused and outcome-driven approach to build a future-ready workforce through structured, scalable, and high-impact learning interventions. Our initiatives are closely aligned with business priorities, ensuring a clear linkage between capability building, productivity improvement and revenue enhancement.

During the year under review, we have strengthened our learning ecosystem to deliver measurable outcomes.

### **Key interventions implemented include:**

- **Mandatory Compliance Training:**

All employees are onboarded onto structured, self-paced digital learning modules covering critical areas such as KYC, AML, POSH, Information Security, and Data Loss Prevention. This ensures 100% regulatory alignment and reinforces a strong governance framework across the organization.

- **Accelerated Onboarding and Role Readiness:**

A structured onboarding journey has been institutionalized to drive faster assimilation into business processes and role expectations, significantly reducing time-to-productivity and enabling early-stage performance delivery.

- **Role-Based Capability Building (Digital & Blended):**

A comprehensive, role-specific learning journey has been deployed, integrating core functional areas including sales effectiveness, credit policies, technical and legal frameworks, collection strategies, and business systems.

- **Specialized Induction for Critical Roles:**

Targeted induction programs for key roles are designed to build deep domain expertise, enabling better decision-making, reducing operational errors, and improving portfolio quality.

- **Advanced Capability and Leadership Interventions:**

Focused programs have been implemented to strengthen managerial effectiveness, team handling, cross-functional coordination, and decision-making quality-driving higher team productivity and operational efficiency.

- **Continuous Knowledge Reinforcement:**

Structured reinforcement mechanisms ensure sustained learning retention and consistent application of processes, resulting in improved operational discipline and excellence in execution.

- **Monthly Business-Aligned Training Interventions:**

Zone-wise training sessions conducted at the start of each month address key transitional and business-critical topics, ensuring contextual relevance, higher engagement, and consistency in performance across geographies.

- **Weekly Case-Based Learning Framework:**

Regular case-driven learning interventions have been institutionalized to strengthen practical understanding and problem-solving capabilities across teams. This has led to improved policy adherence, stronger credit assessment, enhanced risk management, and better alignment with HR and collection processes.

- **Data-Driven Learning and ROI Measurement:**

Going forward, we are intensifying our focus on digital learning ecosystems and analytics-driven insights to track effectiveness, measure ROI, and directly link learning outcomes with productivity, performance metrics, and business growth.

Overall, Learning & Development has been firmly embedded as a business enabler, with a clear focus on driving measurable impact, enhancing workforce capability, and delivering sustained organizational performance.

**Propelled by Technology**

Our in-house HRMS platform offers a comprehensive suite of online modules, covering the entire employee lifecycle — from recruitment and performance management to learning and development, with ongoing integration across people and business applications. Committed to a seamless digital experience, we ensure that employees can easily navigate everything from onboarding formalities to accessing HR policies, fostering efficiency and engagement at every stage.

**Key HR Initiatives**

During the year, the Company continued to strengthen employee engagement and well-being through a combination of recognition, communication, and employee-focused interventions across its distributed workforce. These key strategies include:

**Rewards & Recognition (R&R):**

The Company reinforced a culture of performance and excellence through structured recognition programmes. Initiatives such as Kudos recognition, High Performer/Achiever awards, and Long Service recognition were implemented to acknowledge individual and team contributions, encourage high performance, and align employee efforts with organisational values.

To strengthen communication and organisational alignment, bi-annual townhalls and leadership interactions were conducted, enabling employees to stay connected with business priorities and leadership perspectives.

**Employee Wellbeing:**

The Company also undertook employee well-being initiatives, including health check-up camps and blood donation drives, aimed at promoting preventive care and overall health awareness. These initiatives were complemented by participation in community engagement activities, such as large-scale employee involvement in Vrukshathon, reinforcing a culture of social responsibility and collective purpose.

**Enhanced Employee Benefits:**

Several employee-focused policies were introduced to support financial well-being and overall quality of life, including:

- Employee Home / LAP Loan Scheme offering subsidised interest rates, including top-up and balance transfer options
- Car Lease Scheme to provide a cost-effective mobility solution
- Insurance coverage for employees and their families, strengthening financial security and healthcare support

- Women’s Wellness Leave, providing one additional day of leave per month for female employees to support health and well-being
- Revised leave policy during the notice period, enabling employees to utilise accrued leave more effectively at any stage of their tenure

#### **Career Progression and Internal Mobility:**

The Company continued to promote internal career growth through structured opportunities, including cross-functional movements and internal job postings, enabling employees to take on larger roles and responsibilities within the organisation.

#### **Talent Acquisition Approach:**

Hiring practices remained focused on aligning candidate experience, skills, and competencies with role requirements, while ensuring cultural alignment with the Company’s values and operating philosophy.

#### **Retention of Top Performers**

To enhance employee retention, the Company has implemented several strategies, including:

- Providing training and coaching to enhance managerial capabilities.
- Conducting stay interviews for employees who have given years of service and performance for the organisation

From a people insights standpoint, the Company continued to focus on stay and exit interactions to better understand employee experience, identify key concerns, and support retention efforts, particularly across frontline roles. These efforts directly help feed into employee benefit policies that can better support employee needs.

#### **Diversity, Inclusion and Workplace Practices**

We are committed to fostering a respectful, inclusive, and safe workplace. Policies and practices promote equal opportunity, dignity at work, and employee well-being. Mandatory POSH training and refresher workshops were conducted for all employees, supported by additional focused sessions by the Internal Committee to strengthen awareness of reporting mechanisms and workplace sensitivity.

#### **Looking Ahead**

As Grihum continues to scale, human capital priorities remain focused on strengthening leadership pipelines, enhancing capability development frameworks, and deepening employee engagement. By investing in people, building managerial capability, and fostering an inclusive workplace culture, the Company aims to support sustainable growth while delivering consistent service excellence across all markets.

#### **INFORMATION TECHNOLOGY**

During the year, Grihum Housing Finance successfully completed a major phase of its digital transformation journey, achieving strong digital adoption across business verticals. Through the use of modern low-code technology architecture and advanced fintech integrations, the Company has established a robust digital ecosystem that seamlessly connects customers, employees, and partners while improving operational efficiency, credit decisioning, and customer experience.

### **Key Achievements in Digital Transformation:**

#### **Integrated Digital Lending Ecosystem**

The Company has developed a comprehensive digital ecosystem on a modern low-code platform, enabling seamless management of the lending lifecycle. This includes an end-to-end Loan Origination System (LOS), Customer Relationship Management (CRM) platform, Partner Portal, Customer Self-Service Portal, Employee recruitment and onboarding Portal and an integrated Helpdesk platform for employees. These systems ensure greater operational agility, transparency, and scalability across business functions.

#### **Digital Onboarding and Paperless Operations**

Customer and employee onboarding processes have been fully digitized through secure digital-KYC (including DigiLocker) based verification, enabling faster, paperless onboarding and improved compliance. The Company has also implemented a digital recruitment and employee onboarding platform, improving workforce onboarding efficiency and internal process automation.

#### **Mobile-Enabled Sales Enablement**

Field sales teams are equipped with a modern mobile application that supports end-to-end digital customer acquisition and onboarding. By leveraging integrated fintech APIs for identity verification, the platform enables seamless and secure KYC authentication through trusted authorities, significantly improving turnaround time and customer convenience.

#### **Strengthened Credit Underwriting**

The Company has enhanced its credit underwriting framework through technology-enabled risk-based models integrated within the LOS platform. These capabilities enable faster loan decisioning and improved underwriting accuracy through:

- Real-time integration with fintech APIs and external data sources
- Real-time verification of financial data and credit bureau insights
- Risk-based credit scoring models developed using internal customer data and behavioral analytics
- A Business Rule Engine (BRE) that ensures strict adherence to credit policies and reduces manual deviations

#### **Operational Efficiency and Fraud Prevention**

Automation and digital workflows across departments have significantly improved operational efficiency and loan processing timelines. The digital platform enhances application processing accuracy while strengthening fraud prevention capabilities through integrated verification and risk monitoring mechanisms.

#### **Enhanced Customer Engagement and Self-Service**

Customers benefit from improved engagement through digital service channels. The customer self-service portal allows borrowers to manage their loans, access information, and raise service requests seamlessly.

The CRM platform enables real-time customer support and faster query resolution, strengthening customer satisfaction and engagement.

### **Automation of Internal Operations**

Several internal processes have been digitized and automated, including Re-KYC processes and helpdesk services. These initiatives reduce manual intervention, improve service turnaround time, and create a connected operational ecosystem across employees, partners, and customers.

### **Future Roadmap & Work-in-Progress Initiatives:**

Building on its strong digital foundation, the Company is exploring advanced **AI-driven capabilities** to further enhance operational intelligence and automation:

- AI-enabled generation of Credit Appraisal Memo (CAM) to improve underwriting efficiency
- AI-driven question bank generation for personal discussions with customers based on occupation and regional profiles
- Automated tradeline and Days Past Due (DPD) analysis from credit bureau reports
- AI/ML-based predictive collection models to identify customer repayment behaviour and enable proactive engagement
- Implementation of an incentive automation module to streamline employee incentive and partner payout calculations to significantly reduce processing turnaround time

Through these initiatives, the Company continues to leverage technology to enhance decision-making, improve operational efficiencies, and support financial controls.

### **Cybersecurity and Information Security**

Cybersecurity and information security remain critical priorities for the Company given the sensitive nature of customer data and the increasing complexity of digital operations. A comprehensive security framework has been implemented across the technology ecosystem to safeguard systems, data, and customer information.

### **Network and Perimeter Security**

The Company's IT infrastructure is protected through multiple layers of network security, including next-generation firewalls and Network Intrusion Prevention Systems (NIPS), mechanisms.

- **Data Protection and Privacy**

To safeguard sensitive data, the Company has implemented robust controls including Data Loss Prevention (DLP) and Information Rights Management (IRM) solutions. These tools ensure that Personally Identifiable Information (PII) and confidential customer data remain encrypted and protected with strict access authorization, whether shared internally or externally.

In addition, a formal PII data sharing governance framework has been established to ensure that access to confidential data is granted only through appropriate approval mechanisms. The Company also is in the process of strengthening its data privacy framework in alignment with the Digital Personal Data Protection (DPDP) Act.

- **Endpoint and Device Security**

All organizational devices—including laptops, desktops, servers, and mobile devices—are protected through a multi-layered endpoint security framework. This includes anti-malware protection, ransomware defence, data encryption, endpoint proxy solutions, and Mobile Device Management (MDM) to ensure secure device management and compliance with security policies.

- **Security Operations Center (SOC)**

The Company operates a 24/7 Security Operations Center (SOC) that continuously monitors technology infrastructure for security events, threats, and vulnerabilities. The SOC enables proactive threat detection, investigation, and rapid incident response.

- **Employee Security Awareness**

Recognizing that cybersecurity is a shared responsibility, the Company regularly conducts employee awareness programs and mandatory security training sessions. Phishing simulation exercises and periodic communication materials reinforce secure practices across the organization.

Through these initiatives, Grihum Housing Finance continues to strengthen its technology capabilities while ensuring the highest standards of security, compliance, and operational resilience.

### **CORPORATE SOCIAL RESPONSIBILITY (CSR)**

At Grihum, we believe that every individual deserves a life of dignity. We work across communities where the need is real, whether that means improving access to education, increasing livelihood opportunities, building healthier futures, or addressing everyday challenges that often go unnoticed; we aim to make a genuine difference. Our approach is to focus our efforts meaningfully and measure our success by the difference we create in the communities we serve.

During the year under review, the Company has spent ₹ 348.98 lacs as compared to the spent of ₹ 281.39 lacs made in FY 2024-25. The Company's CSR initiatives focused on key areas such as education, health, and environmental sustainability. The comprehensive details regarding CSR expenditure and activities undertaken by the Company are included in the Board's Report.

## CORPORATE GOVERNANCE REPORT

### COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Our Corporate Governance approach is deeply rooted in our core values, which reflect our legacy, culture, vision, mission, policies, and engagement with stakeholders. We strongly believe that an effective Corporate Governance framework is crucial for the long-term success of any financial services firm. The Company maintains high standards of governance through the adoption of comprehensive policies and procedures, which are regularly reviewed and enforced by the Board or its Committees at defined intervals. The framework is structured to create a strong system of checks and balances among key participants, including the board, its committees, management, auditors, and stakeholders. With a focus on oversight and integrity, the Board of Directors and management are committed to upholding exceptional standards in governance and business operations.

### BOARD OF DIRECTORS

## INDEPENDENT AUDITOR'S REPORT

To the members of  
**Grihum housing Finance Limited**  
Report on the audit of the financial statements

### Opinion

We have audited the accompanying financial statements of **Grihum Housing Finance Limited** (hereinafter referred as "the Company"), which comprise the balance sheet as at 31 March 2026, the statement of profit and loss (including other comprehensive income), the cash flow statement and the statement of changes in equity for the year ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (hereinafter referred as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (hereinafter referred as "Ind AS"), directions issued by the Reserve Bank of India (RBI) from time to time (hereinafter referred as "RBI Guidelines") and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31 March 2026, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

### Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (hereinafter referred as "SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

## Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of financial statements taken as a whole, in forming our opinion thereon and we do not provide a separate opinion on these matters.

We have determined the key audit matters as described below:

Key audit matters	How our audit addressed the key audit matters
<p><b>Impairment of loans to customers:</b></p> <p>As at 31 March 2026, the Company has reported total gross loan assets of ₹ 7,525.10 Crore against which an impairment loss of ₹ 111.24 Crore has been recorded.</p> <p>The accounting policies in respect of impairment losses on loans is given vide Note no. 2(h)(v) to the financial statements.</p> <p>The calculation of impairment losses on loans is complex and is based on application of significant management judgement and the use of different modelling techniques and assumptions which have a material impact on reported profits.</p> <p>Considering the significance of the above matter to the overall financial statements, and extent of management's estimates and judgements involved, we have identified this as a key audit matter for the audit of current year.</p>	<p>Our key audit procedures included:</p> <ul style="list-style-type: none"><li>• Reviewed the Company's accounting policies for impairment of loan assets in accordance with the accounting principles laid down in Ind AS 109 'Financial Instruments' and the governance framework as per the guidelines issued by the Reserve Bank of India from time to time.</li><li>• Understanding the process of expected credit losses ("ECL") estimation and tested the controls around data extraction and validation so as to evaluate the reasonableness of the Management estimates.</li><li>• Carried out on test check basis, audit procedures to ensure the accuracy of DPD (Days Past Due) calculation and the appropriate classification of ECL stages..</li><li>• Tested the ECL model, including assumptions and underlying computation.</li><li>• We have examined, on a test basis, the data inputs to the discounted cash flow models, including the forecast of future cash flows with reference to the agreed repayment schedules and their present values.;</li><li>• Compared the provision for ECL vis-à-vis provision as per the Reserve Bank of India (RBI) IRAC norms and confirmed that</li></ul>

	<p>there is no shortfall of ECL when compared to the IRAC norms.</p> <ul style="list-style-type: none"> <li>• Reviewed the completeness of the ECL provision by reconciling loan data dumps with the financial statements, and ECL schedules to ensure that the entire loan portfolio was subjected to the ECL provision.</li> <li>• Assessed disclosures included in the financial statements in respect of ECL.</li> </ul>
<p><b>IT systems and controls:</b></p> <p>The Company's key financial accounting and reporting processes are highly dependent on the automated controls in information systems, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being materially misstated.</p> <p>Accordingly, we identified IT systems and controls with reference to financial statements as a key audit matter for the Company.</p>	<ul style="list-style-type: none"> <li>• We involved our internal IT expert to carry out the testing of IT general controls and other controls relevant for financial reporting.</li> <li>• Obtained an understanding of the Company's IT related control environment, IT applications and databases relevant for the purpose of our audit of the financial statements.</li> <li>• On sample basis, tested the design and operating effectiveness of the Company's IT general controls over the IT applications and databases. Tested IT general controls particularly, Logical Access Management, Change Management, Backup Management and other aspects of IT operational controls.</li> <li>• Where there is a dependency on vendor for software service, we have reviewed SOC 2/ type 2 of the respective vendors to evaluate the design and operating effectiveness of controls.</li> </ul>

### **Information other than the Financial Statements and Auditor's report thereon**

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the Board's report, management discussion and analysis included in the annual report but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact to communicate the matter to those charged with governance.

### **Managements and Board of Directors responsibilities for the Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS and RBI Guidelines. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Company's Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's responsibilities for the audit of the Financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in

the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- A. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- B. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- C. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- D. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- E. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the for the financial year ended 31 March 2026 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on other legal and regulatory requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the central government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

  - f) With reference to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2 (b) above and refer to our paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
  - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B'; our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - h) As required by section 197 (16) of the Act, based on our examination of the books of the accounts and other records of the Company and to the best of our information and according to the explanations given to us, the Company has paid managerial remuneration in excess of the limits prescribed under section 197 read with Schedule V of the Act. Such remuneration has been approved by the members of the Company at the Extra-Ordinary General Meeting held

on 02 March 2026 for remuneration in excess of limits provisions laid down under section 197 read with Schedule V of the Act.

- i) With respect to the other matters to be included in the auditor's report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigation on its financial position in its financial statements vide note no. 48 to the financial statements.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2026.
  - iii. There were no amounts which were required to be transferred to the investor education and protection fund by the Company during the year ended 31 March 2026.
- iv. Reporting on rule 11(e):
- (a) The Management has represented that, to the best of its knowledge and belief, as stated in Note no. 53 no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other source or kind of funds) by the Company to or in any other person (s) or entity (ies) including foreign entity (Intermediaries) with the understanding whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (ultimate beneficiaries) or provide any guarantee, security or the like on behalf of ultimate beneficiaries.
  - (b) The Management has represented, that, to the best of its knowledge and belief, as stated in Note no. 54 no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. During the previous year, the Company has not declared/paid dividend. Accordingly, reporting under section 123 of the Act is not applicable.

vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except for following instances:

- (a) The Company makes use of a third party service provider for an accounting software. The Company has provided us the Service Organization Controls 2 ('SOC 2') report covering the period from 1 October 2024 to 30 September 2025. A bridge letter issued by said third party service provider covering the period from 1 October 2025 to 31 March 2026 confirms no change in the internal control environment during the said period.
- (b) One of the collection software, the audit trail feature was enabled at the database level from 13 May 2025.

Further, during the course of our audit, except for mentioned above, we did not come across any instance of audit trail feature being tampered with and additionally, the audit trail where available has been preserved by the Company as per the statutory requirements for record retention - refer note 64 to the financial statements.

## Annexure A to the Independent Auditor's Report

With referred to paragraph 1 under 'Report on Other Legal and Regulatory Requirements' of our report to the members of Grihum Housing Finance Limited ('the Company') on even date we report the following

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- (i) (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.  
(B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) The Property, Plant and Equipment have been physically verified by the management at regular intervals based on the programme of verification in a phased manner which in our opinion is reasonable. No material discrepancies were noticed during such physical verification conducted by the Company during the year.
- (c) The Company does not hold any immovable properties (other than properties where the Company is the lessee, and the lease agreements are duly executed in favour of the lessee). Accordingly, reporting under paragraph 3(i)(c) of the order is not applicable.
- (d) During the year, the Company has neither revalued its Property, Plant and Equipment (including Right of Use assets) nor Intangible Assets. Accordingly, reporting under paragraph 3(i)(d) of the Order is not applicable.
- (e) No proceedings have been initiated or are pending against the Company as at 31 March 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder. Accordingly, reporting under paragraph 3(i)(e) is not applicable.
- (ii) (a) The Company is a housing finance company primarily engaged in the business of lending towards housing loans and does not hold any inventories. Accordingly, reporting under Paragraph 3(ii)(a) of the said Order is not applicable.
- (b) During the year, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. The management of the Company has provided us the quarterly returns/ statements, which they have represented to us have been filed by the Company with such banks. These quarterly returns/ statements are in agreement or have been reconciled with the books of account.

- (iii) (a) The Company is a housing finance company primarily engaged in the business of lending. Accordingly reporting under Paragraph 3(iii) (a) of the Order is not applicable;
- (b) During the year the Company has not provided any advances in the nature of loans, guarantee or security to any other entity. The Company has not made any investments in companies, firms, limited liability partnerships or any other parties. Further, the investments made and the terms and conditions of the grant of loans during the year, are not prima facie prejudicial to the interest of the Company.
- (c) In respect of loans and advances in the nature of loans granted during the year in the ordinary course of business, the terms for repayment of principal and payment of interest have been stipulated, and repayments have generally been regular. However, there have been instances of overdue amounts.

Considering the large volume of loan transactions, it is not practicable to provide party-wise details of such irregularities in this report. However, such details are available with the Company. As of March 31, 2026, there were 7,506 loan accounts with overdue amounts aggregating to ₹ 32.67 crore [post Minimum Retention Requirement ('MRR')].

- (d) The following amounts are overdue for more than ninety days from any other parties to whom loan has been granted. The Company has taken reasonable steps for recovery of the overdue amount of principal and interest. (₹ In Cr.)

Number of Cases	Principal Amount Overdue	Interest Overdue	Total Overdue.	Remark
2,480	3.83	19.03	22.86	Figures are post MRR

- (e) The Company is a housing finance company primarily engaged in the business of lending towards housing loans. Accordingly reporting under Paragraph 3(iii) (e) of the Order is not applicable.

## **Annexure B to the Independent Auditor's Report**

Referred to in paragraph 2 (F) under the heading, 'Report on other legal and regulatory requirements' of our report on even date:

### **Report on the Internal Financial Controls [Under Clause (i) of section 143 (3) of the Companies Act, 2013 ('the Act')]**

#### **Opinion**

We have audited the internal financial controls with reference to financial statements of **Grihum Housing Finance Limited** ('the Company') as at 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2026, based on the internal financial control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the guidance note') issued by the Institute of Chartered Accountants of India ('ICAI').

#### **Managements and Board of Directors responsibility for internal financial controls**

The Company's Management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the guidance note and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

#### **Meaning of internal financial controls with reference to financial statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent limitations of internal financial controls with reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Subject: Independent Auditor's Additional Report for the year ended 31 March 2026 pursuant to the requirements of Non-Banking Financial Company - Housing Finance Company (Reserve Bank) Directions, 2025 issued by the Reserve Bank of India**

1. In addition to the report made under section 143 of the Companies Act, 2013 (the 'Act') on the Financial Statements of **Grihum Housing Finance Limited** (the 'Company') for the quarter and year ended 31 March 2026 and as required by Non-Banking Financial Company - Housing Finance Company (Reserve Bank) Directions, 2025 (the 'Directions') issued by the Reserve Bank of India (the 'RBI') and amended from time to time, we report as follows on the matters specified in paragraphs 123 and 124 of the said Directions, to the extent applicable.
2. We have audited the accompanying financial statements of the Company which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (the 'Financial Statements') annexed thereto, on which we have issued an unmodified opinion dated 14 May 2026.

**Management's responsibility:**

3. The Company's management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of the Financial Statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- 
4. The Company's management is also responsible for ensuring that the Company complies with the requirements of the Reserve Bank of India Act, 1934 (the 'RBI Act'), National Housing Bank Act, 1987 (the 'NHB Act'), the Directions, and other circulars and directions issued by the RBI thereunder, and other applicable laws and regulations, as applicable and for providing all the required information to the RBI and the National Housing Bank ('the NHB').

**Auditor's responsibility:**

5. Pursuant to the requirements of the Directions, it is our responsibility to provide reasonable assurance whether anything has come to our attention which causes us to believe that the Company has not complied with the matters specified in paragraph 123 and 124 of the Directions, to the extent applicable to the Company.
6. We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) ('the Guidance Note') issued by Institute of Chartered Accountants of India ('the ICAI'). The Guidance Note requires that we comply with the ethical requirements of the code of Ethics issued by the ICAI.
7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements issued by the ICAI.

**Opinion:**

8. Based on our audit of the financial statements for the quarter and year ended March 31, 2026 and examination on test check basis, evidences obtained and the information and explanations, we further report that:
- a. The Company is holding Certificate of Registration (no. DOR-00155) issued by Department of Regulation, Reserve Bank of India (RBI) dated 08 December 2023 (issued in lieu of earlier certificate dated 02 August 2021 issued by RBI) to carry on business of a housing finance institution without accepting public deposits, as required under Section 29A of the NHB Act, 1987. The Company meets the 'Principal Business Criteria' as laid down under Paragraph 10(9) of the Directions as disclosed in Note No. 62 of the Financial Statements, the 'percentage of total assets towards housing finance' and 'percentage of total assets towards housing finance for individuals' as at 31 March 2026 are 68.03% and 68.03% respectively as against the minimum regulatory requirement of 60% and 50% respectively. As such the conditions specified in paragraph 10(9) of the Directions, dated November 28, 2025, in respect of Principal Business Criteria are met;
- b. The Company as on 31 March 2026 has met the requirements in respect of Net Owned Fund ('NOF') as prescribed under Section 29A of the National Housing Bank Act, 1987;
- c. The Company has complied with the provisions of Section 29C of the NHB Act relating to 'Reserve Fund';

- 
- d. The total borrowings of the Company are within the limits prescribed under paragraph 79 of the Directions as applicable;
  - e. The Company has complied with the prudential norms relating to income recognition, accounting standards, asset classification, loan to value ratio, provisioning requirements, disclosure in balance sheet, investment in real estate, exposure to capital market and engagement of brokers, and concentration of credit/investments as specified in the Directions as applicable;
  - f. The capital adequacy ratio as disclosed in the half yearly statutory returns for the period ended 30 September 2025, submitted to the NHB, as per directions issued by the NHB has been correctly determined and such ratio is in compliance with the prescribed minimum capital to risk weighted asset ratio (CRAR);
  - g. The Company has furnished the half-yearly statutory return to the NHB, as specified in the directions issued by NHB, within the stipulated period;
  - h. The Company has neither accepted any public deposits nor it is holding any public deposits. Accordingly, submission of quarterly statutory returns on Statutory Liquid Assets to the NHB in format as per in Schedule III, as specified in the directions issued by NHB, is not applicable;
  - i. Based on our review on sample basis of the intimations to NHB in respect of opening of new branches / closure of existing branches, the Company has complied with the requirements of the Directions in respect of new branches/offices opened and closed during the year;

The Financial Statements for the year ended 31 March 2026 have been prepared by the Company in accordance with the recognition and measurement principle of Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 (the "Act"), read with relevant rules issued thereunder and other accounting principles generally accepted in India, requirements prescribed under the Schedule III - Division III of the Act, the circulars and guidelines issued by the Reserve Bank of India (the "RBI") and National Housing Bank (the "NHB") from time to time to the extent applicable. The company uses the accrual basis of accounting except in case of significant uncertainties.

The Balance Sheet of the Company is presented in the order of liquidity.

The Balance Sheet, Statement of Profit and Loss and Statement of changes in Equity of the Company are prepared and presented in the format prescribed in the Division III of Schedule III of the Act applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only where it has legally enforceable right to offset the recognised amounts and the Company intends to either settle on a net basis or to realise the asset and settle the liability simultaneously as permitted by Ind AS. Similarly, the Company offsets incomes and expenses and reports the same on a net basis where the netting off reflects the substance of the transaction or other events as permitted by Ind AS.

These financial statements have been approved and adopted by the Board of Directors in their meeting held on 14 May 2026.

##### **b) Functional and Presentation currency**

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All amounts have been denominated in crores and rounded off to the nearest two decimal, except when otherwise indicated.

**Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

**c) Historical cost convention**

The financial statements have been prepared on a historical cost basis, except for the following material items:

- Financial instruments at Fair value through profit and loss (FVTPL) that is measured at fair value
- Net defined benefit (asset)/ liability - fair value of plan assets less present value of defined benefit obligation

**d) Property, Plant and Equipment**

Recognition and measurement:

Property, plant and equipment (PPE) is an asset held for use or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. The cost includes non-refundable taxes, duties, freight, and other incidental expenses related to the acquisition and installation of the respective assets. PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company. Subsequent expenditure on PPE after its purchase is capitalized if it is probable that the future economic benefits will flow to the enterprise.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain/loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

Depreciation:

Depreciation on each part of an item of property, plant and equipment is provided using the Straight-Line Method as prescribed in Schedule II to the Act. Depreciation is calculated on a pro-rata basis from the put to use date upto the end of the useful life of the assets/ date of disposal.

The estimated useful life considered by the Company are as under:

Sl. No.	Item	Life (in Years)
1	Buildings	60
2	Furniture and Fixtures	10
3	Office Equipment	3,4,5,6,10
4	Leasehold Improvements	10
5	Motor Vehicles	8

All PPE individually costing ₹ 5,000/- or less are fully depreciated in the year of installation/purchase.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of Property, Plant and Equipment.

**Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

**De-recognition:**

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit or loss.

**Capital work-in-progress:**

PPE not ready for the intended use on the date of the Balance Sheet are disclosed as "capital work-in-progress" and carried at cost, comprising direct cost, related incidental expenses and attributable interest.

**e) Intangible assets**

**Recognition and Measurement:**

Intangible assets with finite useful lives that are acquired separately are capitalised and carried at cost less accumulated amortisation and accumulated impairment losses. Cost includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets. Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company.

Expenditure on software development eligible for capitalization are carried as intangible assets under development where such assets are not yet ready for their intended use.

**Amortisation:**

Amortization of intangible assets is recognized on a straight-line basis over a period of six years, which is the Management's estimate of its useful life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**De-recognition:**

The carrying amount of an intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognised in the Statement of Profit and Loss when the asset is derecognised.

**f) Assets held for sale (Repossession)**

To mitigate the credit risk on financial assets, the company seeks to use collateral, as per the powers conferred under the SARFAESI Act, 2002. In its normal course of business, the Company does not physically repossess properties or other assets in its retail portfolio, but generally engages external or internal agents to recover funds through auction process. Any surplus funds over the contractual receivables are returned to the customer/obligors. Accordingly, the properties which are repossessed and where there is a reasonable certainty to recover the amount in the foreseeable future, are recorded on the balance sheet as assets held for sale at (i) fair value less cost to sell or (ii) loan outstanding, whichever is lower.

**g) Impairment of non-financial assets**

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to

## Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)

which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If, at the reporting date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount. Impairment losses previously recognised are accordingly reversed in the Statement of Profit and Loss.

### **h) Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### **i) Initial recognition and measurement:**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs and revenues of financial assets or financial liabilities carried at fair value through the profit or loss account are recognised immediately in the Statement of Profit or Loss. Trade Receivables are measured at transaction price. Trade receivables and debt securities issued are initially recognised when they are originated.

#### **ii) Classifications:**

##### **Financial assets**

On initial recognition, depending on the Company's business model and contractual cash flow characteristics for managing the financial assets and its contractual cash flow characteristics, a financial asset is classified as measured at;

- amortised cost;
- fair value through other comprehensive income (FVTOCI); or
- fair value through profit and loss (FVTPL).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

##### **Business model assessment**

The business model in respect of any portfolio or sub-portfolio is not static, and therefore, may emerge over time. Therefore, Grihum has adopted the approach of reviewing the business model classification based on the frequency and value of disposal of loan assets during the year. In this regard, there may be requirements to re-classify the portfolio and the basis of the same has been laid down as below:

- **Re-classification from FVTOCI to Amortised Cost**  
If there has been a considerable time period elapsed since the past sale transaction and the management estimates that there is very limited probability of selling down the portfolio other than stressed portfolio then such portfolio can be re-classified from FVTOCI to Amortised Cost category.
- **Re-classification from Amortised Cost to FVTOCI**  
If there has been multiple sale transaction of portfolios except as allowed under Ind AS 109 i.e. for stress case scenarios, and the management estimates that the Company may continue to sell down the loan assets for the purpose of meeting other business objectives then such part of the loan assets

## **Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

(if specifically identified) shall be re-classified to FVTOCI measurements from Amortised Cost Category.

### **Financial instruments at Amortised Cost**

A financial asset is measured at amortised cost only if both of the following conditions are met:

- It is held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- The contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

### **Financial assets at Fair Value through Other Comprehensive Income ('FVTOCI')**

A financial asset is measured at FVTOCI only if both of the following conditions are met:

- It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- The contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

### **Financial assets at Fair Value through Profit and Loss (FVTPL)**

- Any financial instrument, which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as at FVTPL.

### **Financial liabilities and equity instruments**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or amortised cost, as appropriate.

#### **Equity Instrument**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs."

#### **iii) Subsequent measurement:**

##### **Amortised cost**

Amortised cost is the amount at which the financial asset or financial liability is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the EIR method of discount or premium on acquisition and fees or costs that are an integral part of the EIR and, for financial assets, adjusted for any loss allowance.

##### **FVTPL**

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit or loss. The transaction costs and fees are also recorded related to these instruments in the statement of profit and loss.

## Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)

### FVTOCI

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the statement of Profit and Loss.

### iv) Derecognition of financial assets and financial liabilities:

#### Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the Company has transferred substantially all the risks and rewards of the asset, or
  - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. The Company continues to recognise the assets on finance on books which has been securitised under pass through arrangement and does not meet the de-recognition criteria.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset de-recognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss.

#### Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

#### Securitisation, Assignment and Co-lending Arrangements

In case of transfer of loans through securitisation, direct assignment and co-lending transactions, the transferred loans are de-recognised and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contract.

In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions, the difference between the carrying amount and the consideration received are recognised in the Statement of Profit and Loss.

**Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

**v) Impairment of Financial Assets:**

The Company recognises loss allowances for Expected Credit Loss (ECL) on all the financial assets that are not measured at FVTPL:

ECL are probability weighted estimate of future credit losses based on the staging of the financial asset to reflect its credit risk. They are measured as follows:

- Stage 1: financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Stage 2: financial assets with significant increase in credit risk but not credit impaired – as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial asset.
- Stage 3: financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

The Company's policy for determining significant increase in credit risk is set out in Note 42(A)(f).

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Financial assets are fully provided for or written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the company's recovery procedures, taking into account legal advice wherever appropriate. Any recoveries made are credited to impairment loss on actual realisation from customer.

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

**Presentation of ECL allowance for financial asset:**

ECL allowance for financial asset measured at Amortised Cost or is shown as a deduction from the gross carrying amount of the assets

**i) Fair value of financial instruments**

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

## Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)

Level 3: Inputs that are unobservable for the asset or liability

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

### **j) Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists reasonable certainty of its recovery.

#### Interest Income:

Interest income from financial assets (assets on finance) is recognised on accrual basis using Effective Interest Rate ('EIR') method. EIR is applied on future principal of amortised cost of assets on finance. Interest income on stage 3 assets is recognised on net basis.

The EIR is the rate that discounts the estimated future cash flows through the expected life of the financial instrument to the gross carrying amount of the financial asset. The interest income is recognised on EIR method on a time proportion basis applied on the carrying amount for financial assets including credit impaired financial assets.

The calculation of the effective interest rate include transaction costs and fees paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or financial liability.

The 'amortised cost' of a financial asset is the amount at which the financial asset is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount adjusted for any expected credit loss allowance.

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

Income from direct assignment (sale) transactions represents the present value of excess interest spread receivables on derecognised assets computed by discounting net cash flows from such assigned pools on the date of transactions.

Overdue interest and other charges are treated to accrue on realisation, due to uncertainty of realisation and is accounted for accordingly.

Income from collection and support services is recognised over time as the services are rendered as per the terms of the contract.

The Company recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers'. Revenue is measured at the transaction price allocated to the performance obligation in accordance with Ind AS 115. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations

#### Other revenue from operations:

All other items of income are accounted for on accrual basis in accordance with the Five-Step Model outlined in Ind AS 115.

Dividend is recognised when the right to receive the dividend is established.

## Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)

### Net gain or loss on Fair value changes:

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss. Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVTOCI is recognised in net gain / loss on fair value changes.

### Recoveries of financial assets written off:

The Company recognises income on recoveries of financial assets written off on realisation basis.

### Net gain or loss on derecognition of financial instruments under amortised cost category:

Net gain or loss on derecognition of financial instruments under amortised cost category is recognised upfront in the statement of profit and loss, being the difference between the carrying amount (measured at the date of recognition) and the consideration received (including any new asset obtained less any new liability assumed).

## **k) Finance cost**

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at Amortized cost. Financial instruments include bank term loans, non-convertible debentures, commercial papers, subordinated debts,. Interest expense on lease liabilities is computed by applying the notional borrowing rate and has been included under finance costs. It also includes discounting charges paid for securitisation transactions entered under 'pass-through' arrangement.

## **l) Income Taxes**

Income-tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of temporary differences between tax base and book base). It is recognised in statement of profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

### Current tax:

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the tax payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

The amount of current tax reflects the best estimate of the tax amount expected to be paid after considering the uncertainty, if any, related to income taxes.

### Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are reviewed at each reporting date and based on management's judgement, are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

## **Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognised in Other Comprehensive Income.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis

### **m) Provisions and contingencies related to claims, litigation, etc.**

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date

### **n) Contingencies related to claims, litigation, etc.**

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

### **o) Contingent liabilities and contingent assets**

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

The Company does not recognise contingent assets in the financial statements.

### **p) Foreign Currency Transactions**

Transactions in currencies other than Company's operational currency are recorded on initial recognition using the exchange rates prevailing on the date of the transaction. The foreign currency borrowing being a monetary liability is restated to INR (being the functional currency of the Company) at the prevailing rates of exchange at the end of every reporting period with the corresponding exchange gain/ loss being recognised in statement of profit or loss. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognised in the Statement of Profit and Loss in the period in which they arise.

### **q) Goods and Services Input Tax Credit**

Expenses and assets are recognised net of the goods and services tax/ value added taxes paid, except when the tax incurred on a purchase of assets or availing of services is not recoverable from the taxation

**Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

authority, in such case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

**r) Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

**s) Employee Benefits**

**I) Short Term Employee Benefits:**

Short term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. This includes performance linked incentives. Short term employee obligations are measured at undiscounted basis.

**II) Post-employment benefit:**

**a. Defined contribution plans:**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligations to pay further amounts.

**Provident Fund:**

Contributions paid / payable to the recognised provident fund, which is a defined contribution scheme, are expensed as the related service is provided and recognised as personnel expenses in statement of profit or loss.

**Recognition and measurement of defined contribution plans:**

Company's Provident fund and Pension fund contributions are paid to EPFO, no actuarial assumptions are required to measure the obligation or the expense and there is no possibility of any actuarial gain or loss. Moreover, the obligations are measured on an undiscounted basis, except where they are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognised as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund."

**b. Defined benefits plans:**

**Gratuity:**

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Accrued Benefit Method (same as Projected Unit Credit Method), which

## Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)

recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contribution to the plan.

The change in defined benefit plan liability is split into changes arising out of service, interest cost and re-measurements and the change in defined benefit plan asset is split between interest income and re-measurements. Changes due to service cost and net interest cost/ income is recognised in the statement of profit and loss. Re-measurements of net defined benefit liability/ (asset) which comprise of the below are recognised in other comprehensive income:

- Actuarial gains and losses;
- The return on plan assets, excluding amounts included in net interest on the net defined benefit liability / (asset).

Remeasurements of the net defined benefit liability (Assets) recognised in other comprehensive income are not reclassified to profit or loss in subsequent period.

### Compensated absences:

The employees of the Company are entitled to compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation based by using projected unit credit method on the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the balance sheet date. The expenses and actuarial gain / loss on account of the above benefit plans are recognised in the statement of profit and loss on the basis of actuarial valuation.

### Other long-term employee benefits:

### Share based payment:

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in other equity.

In case, the company modifies the terms and condition on which the equity instruments were granted in a manner that is beneficial to the employees, the incremental cost will be recognised over the period starting from the modification date till the date of vesting if the modification occurs during the vesting period. In case, modification occurs after the vesting period, the incremental cost will be recognised immediately.

## t) Leases

### l) The Company as a lessee

#### i) Right to use assets and Lease liability:

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset

**Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

**Recognition and initial measurement:**

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. At the lease commencement date, the Company recognises a right-of-use ("RoU") asset and equivalent amount of lease liability. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

**Subsequent measurement:**

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the notional borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments). Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in the in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset or is recorded in statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

**u) Earnings per equity share**

Basic earnings per share have been computed by dividing net income attributable to ordinary equity holders by the weighted average number of shares outstanding during the year. Partly paid-up equity share, if any, is included as fully paid equivalent according to the fraction paid up.

Diluted earnings per share have been computed using the weighted average number of shares and dilutive potential shares, except where the result would be anti-dilutive

**v) Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company. The Company is in a single business segment (primary segment) of providing financial services to customers in India.

**Significant areas of estimation uncertainty, critical judgements and assumptions in applying accounting policies:**

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities and assets) as on the date of the financial statements and the reported income and

**Summary of material accounting policies and other explanatory information for the year ended 31 March 2026 (contd.)**

expenses for the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Key sources of estimation uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amount of assets and liabilities within the next financial year are included in the following notes:

**Note 32 - Impairment of financial instruments:**

This includes determining the relevant inputs into the Expected Credit Loss (ECL) model, including incorporation of forward-looking information and assumptions used in estimating recoverable cash flows. Also, the management regularly assesses the adequacy of provisions and if required necessary additional provisions are created over above ECL Model.

**Note 40 - Determination of the fair value of financial instruments with significant unobservable inputs:**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques which requires a degree of judgment. The judgments include considerations of inputs such as liquidity risk, credit risk and volatility.

**Note 33 - Measurement of defined benefit obligations:**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

**Note 21 - Recognition of deferred tax assets:**

Key assumption is availability of future taxable profit against which carry-forward tax losses can be utilized.

**Note 10 – Determining useful lives of depreciable assets:**

Key assumption is the estimation of the useful lives of depreciable assets, based on the expected utility of the assets.

(a) Defined contribution plans:

Eligible employees of the Company receive benefits under the Provident Fund which is a defined contribution plan wherein both the employee and the Company make monthly contributions equal to a specific percentage of covered employees' salary. These contributions are made to the Fund administered and managed by the Government of India and the Company has no further obligation beyond making its contribution. The Company's monthly contributions are charged to Statement of profit and loss in the period in which they are incurred.

(b) Defined benefits plans:

Compensated absence

The Company provides for compensated absences to its employees. The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The scheme is unfunded and liability for the same is recognized on the basis of actuarial valuation. Expense of provision of ₹ 3.65 crore (previous year provision of ₹ 2.73 crore) for the year have been done on the basis of actuarial valuation at the year end and debited to the statement of profit and loss. Additionally, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four labour codes collectively referred to as the "New Labour Codes". The Company has assessed the implications of the New Labour Codes and have taken an incremental provision of Rs. 1.50 crores and recognised in the employee benefits expenses in the financial statement for the year ended 31 March 2026.

Gratuity (funded)

Gratuity is a post employment benefit and is a defined benefit plan. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The liability recognized in the Balance Sheet represents the present value of the defined benefit obligation at the Balance Sheet date, less the fair value of plan assets (if any), together with adjustment for unrecognized actuarial gains or losses and past service cost. Independent actuaries calculate the defined benefit obligation annually using the Projected Unit Credit Method. Actuarial gains/losses are credited/ charged to the Statement of Other Comprehensive Income in the year in which such gains or losses arise. Additionally, The Government of India has consolidated multiple existing labour legislations into a unified framework comprising four labour codes collectively referred to as the "New Labour Codes". The Company has assessed the implications of the New Labour Codes and have taken an incremental provision of Rs. 2.11 crores and recognised in the employee benefits expenses in the financial statement for the year ended 31 March 2026.

The following table summarizes the components of defined benefit expense recognized in the Statement of Profit and Loss/Other Comprehensive Income ("OCI") and the funded status and amounts recognized in the Balance Sheet for the respective plans:

	As at 31 March 2026	As at 31 March 2025

(vi) The Company's gratuity scheme for permanent employees is administered through trust with the SBI Life and Life Insurance Corporation. The funding requirements are based on the gratuity funds actuarial measurement framework set out in the funding policies of the plan. The funding is based on a separate actuarial valuation for funding purpose for which assumptions are same as set out below. Employees do not contribute to the plan.

(vii) Assumptions used

With the objective of presenting plan assets and obligations of the defined benefit plans at their fair value at Balance Sheet date, assumptions used under Ind AS 19 are set by reference to market conditions at the valuation date.

	Year ended 31 March 2026	Year ended 31 March 2025
Discount rate (per annum)	6.93%	6.57%
Salary escalation rate (per annum)	5.00%	5.00%
Expected average remaining working lives of employees (years)	4.87	4.81
Mortality	"IAM(2012-14) ultimate table"	"IAM(2012-14) ultimate table"

(viii) Sensitivity analysis

A quantitative sensitivity analysis for significant assumption is as shown below:

DBO with discount rate +0.25pt	9.12	6.58
DBO with discount rate -0.25pt	9.38	6.75
DBO with +0.5% salary escalation	9.53	6.86
DBO with -0.5% salary escalation	8.98	6.48
DBO with +2% withdrawal rate	9.20	6.64
DBO with -2% withdrawal rate	9.29	6.70
DBO with +1% mortality rate	9.25	6.67
DBO with -1% mortality rate	9.25	6.67

**33 Employee benefits expenses (contd.)**

**Methods and assumptions used in preparing sensitivity analysis and their limitations:**

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the Balance Sheet.

(ix) **Maturity analysis of the benefit payments:**

	As at 31 March 2026	As at 31 March 2025
Year 1	0.98	0.74
2 to 5 years	4.95	3.71
6 to 10 years	4.53	2.92
More than 10 years	2.28	1.52

(c) **Aforesaid defined benefit plans typically expose the Company to actuarial risks:**

**Investment risk**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**Market Risk (Interest Rate)**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

**Longevity Risk**

The impact of longevity risk will depend on whether the benefits are paid before retirement age or after. Typically for the benefits paid on or before the retirement age, the longevity risk is not very material.

**Actuarial Risk**

**Salary Increase Assumption:** Actual Salary increase that are higher than the assumed salary escalation, will result in increase to the Obligation at a rate that is higher than expected.

**Attrition/Withdrawal Assumption:** If actual withdrawal rates are higher than assumed withdrawal rates, the benefits will be paid earlier than expected. Similarly if the actual withdrawal rates are lower than assumed, the benefits will be paid later than expected. The impact of this will depend on the demography of the company and the financials assumptions.

**Regulatory Risk**

Any Changes to the current Regulations by the Government, will increase (in most cases) or Decrease the obligation which is not anticipated. Sometimes, the increase is many fold which will impact the financials quite significantly.

**b Fair value hierarchy**

Financial assets and financial liabilities measured at fair value in the Statement of Profit and Loss and other comprehensive income are grouped into three levels of a fair value hierarchy. These three levels are defined based on the observability of significant inputs to the measurement, as follows:

**Level 1:** Quoted prices (unadjusted) for identical instruments in an active market;

**Level 2:** Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

**Level 3:** Inputs which are not based on observable market data (unobservable inputs).

**b.1 Financial assets and liabilities measured at fair value - recurring fair value measurements**

Grihum Housing Finance Limited

Summary of material accounting policies and other explanatory information for year ended 31 March 2026

(All amounts ₹ in crores unless otherwise stated)

The management assessed that fair values of cash and cash equivalents, other financial assets, trade payables, other payables, borrowings (other than debt securities), subordinated liabilities and other financial liabilities approximate their respective carrying amounts largely due to the short-term maturities of these instruments. Lease liabilities are recognised as per Ind-AS 116. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

**Financial Instruments measured at fair value and fair value of financial instruments carried at amortized cost**

Type	Valuation technique	Significant unobservable input	Inter-relationship between significant unobservable inputs and fair value and sensitivity
Financial assets and liabilities measured at amortized cost	Discounted cash flows : The valuation model considers the present value of expected receipt/payment discounted using appropriate discounting rate	Not applicable	Not applicable
	For Investments Net Asset Value based method has been considered after adjusting interest accrued if any

#### 42 Financial risk management

The Company assumes credit risk, operational risk, market risk, compliance risk and reputational risk in the normal course of its business. This exposes the Company to a substantial level of inherent financial risk.

##### Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies.

Efficient and timely management of risks involved in the Company's activities is critical for the financial soundness and profitability of the Company. Risk management involves the identifying, measuring, monitoring, managing and reporting of risks on a regular basis. The objective of risk management is to increase shareholders' value and achieve a return on equity that is commensurate with the risks assumed. To achieve this objective, the Company employs leading risk management practices and recruits skilled and experienced people.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

#### A Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's asset on finance.

The carrying amounts of financial assets represent the maximum credit risk exposure.

##### a) Credit risk management

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Credit impaired asset and significant increase in credit risk is assessed by the following observable data:

- a breach of contract such as a default or past due event;
- when a borrower becomes 90 days past due in its contractual payments;

The risk management committee has established a credit policy under which each new customer is analyzed individually for credit worthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, background verification, financial statements, income tax returns, credit agency information, industry information, etc.

##### b) Probability of default (PD)

Days past due (DPD) analysis is the primary input into the determination of the term structure of PD for exposures. The Company collects performance and default information about its credit risk exposures analyzed by jurisdictions or region and type of product or borrower as well as by DPD. The Company employs statistical models to analyze the data collected and generate estimates of the PD of exposures and how these are expected to change as a result of passage of time.

##### c) Definition of default and cure

The Company considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for Expected Credit Loss (ECL) calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

The Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Following indicators are incorporated:

- DPD analysis as on each reporting date
- significant increase in credit risk on other financial instruments of same borrower
- significant changes in value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements.

An asset migrates down the ECL Stage based on the change in the risk of a default occurring since initial recognition. If in a subsequent period, credit quality improves and reverses any previously assessed significant increase in credit risk since origination, then the loan loss provision stage reverses to 12-months ECL from lifetime ECL.

##### d) Exposure at default (EAD)

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation;

To calculate the ECL for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

##### e) Loss given default (LGD)

Loss given default (LGD) represents estimated financial loss the Company is likely to suffer in respect of default account and it is used to calculate provision requirement on EAD along with PD. The Company uses collection details on previously defaulted cases for calculating LGD including estimated direct cost of collection from default cases. Appropriate discounting rates are applied to calculate present value of future estimated collection net of direct collection cost. LGD thus calculated is used for all Stages, i.e. Stage 1, Stage 2 and Stage 3.

##### f) Significant increase in credit risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or life time ECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition; if contractual payments are more than 30 days past due, the credit risk is deemed to have increased significantly since initial recognition.

The Company has applied a three-Stage approach to measure expected credit losses (ECL) on loans and other credit exposures accounted for at amortized cost and FVOCI. Loss rates are calculated using a 'roll rate' method based on the probability of a receivable progressing through successive Stages of delinquency to write-off. Assets migrate through following three Stages based on the changes in credit quality since initial recognition:

(a) Stage 1: 12- months ECL: For exposures where there is no significant increase in credit risk since initial recognition and that are not credit-impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12- months is recognized.

(b) Stage 2: Lifetime ECL, not credit-impaired: For credit exposures where there has been a significant increase in credit risk since initial recognition but are not credit-impaired, a lifetime ECL is recognized.

(c) Stage 3: Lifetime ECL, credit-impaired: Financial assets are assessed as credit impaired upon occurrence of one or more events that have a detrimental impact on the estimated future cash flows of that asset. For financial assets that have become credit-impaired, a lifetime ECL is recognized and interest revenue is calculated by applying the effective interest rate to the amortized cost

##### g) Expected credit loss on Loans

The Company assesses whether the credit risk on a financial asset has increased significantly on collective basis. For the purpose of collective evaluation of impairment, financial assets are grouped on the basis of shared credit risk characteristics, taking into account instrument type, product type, collateral type, and other relevant factors.

The Company considers defaulted assets as those which are contractually past due 90 days, other than those assets where there is empirical evidence to the contrary. Financial assets which are contractually past due 30 days are classified under Stage 2 - life time ECL, not credit impaired, barring those where there is empirical evidence to the contrary. An asset migrates down the ECL stage based on the change in the risk of a default occurring since initial recognition. If in a subsequent period, credit quality improves and reverses any previously assessed significant increase in credit risk since origination, then the loan loss provision stage reverses to 12-months ECL from lifetime ECL.

The Company measures the amount of ECL on a financial instrument in a way that reflects an unbiased and probability-weighted amount. The Company considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default. These parameters are derived from the Company's internally developed statistical models and other historical data. In addition, the Company uses reasonable and supportable information on future economic conditions including macroeconomic factors. Since incorporating these forward looking information increases the judgment as to how the changes in these macroeconomic factor will affect ECL, the methodology and assumptions are reviewed regularly.

**42 Financial risk management (contd.)**

**Forward looking information**

In its ECL models, the Company relies on a broad range of forward looking information such as macro economic inputs. As required by Ind AS 109, Macro Economic (ME) overlays are required to be factored in ECL Model. Overtime, new ME variable may emerge to have a better correlation and may replace ME being used now.

The following table provides information about the exposure to credit risk and expected credit loss for loans :

**Loans measured at amortised cost**

	<b>7,861.84</b>	<b>1.31%</b>	<b>102.60</b>	

**Expected credit loss on other financial assets**

Other financial assets primarily includes excess interest spread receivable and security receipts. Credit risk on excess interest spread receivable is low as it primarily falls in Stage 1. Security receipts are measured at FVTPL and hence the credit risk is already factored in the fair value.

During the year 2025-26, the Company has incurred actual loss of ₹138.87 crores (FY 2024-25: ₹58.45 Crores) from the sale of Non-Performing Assets (NPAs) to ARC's. However, in compliance with applicable accounting standards, only ₹65.56 crores (FY 2024-25: ₹24.51 crores) of this loss were recognized under Note No. 31 and 28, "Net loss on de-recognition of financial instruments" and "Net gain on de-recognition of financial instruments," in the Financial Statements. The remaining Loss of ₹73.31 crores (FY 2024-25: ₹33.94 crores), representing impairment provisions made in earlier years, were reversed and reported under the same Note No. 31 and 28, instead of being adjusted under Note No. 32 "Impairment on financial instruments".

**Cash and cash equivalents and other Bank Balance**

The Company has cash and cash equivalents and bank balance of ₹386.71 crores (₹976.87 crores as at 31 March 2025). These are held with bank and financial institution counterparties with acceptable credit ratings to reduce the credit risk.

An analysis of changes in gross carrying amount and corresponding ECL allowances is as follows :

i) Concentration risk

Pursuant to the guidelines of the National Housing Bank, credit exposure of banks to an individual borrower must not exceed 15% of owned fund and 25% of owned fund of the Company to any single group of borrower. The Company is in compliance with these guidelines. In addition, the Company views the concentration of risk on the basis of below product type category:

Loans	As at 31 March 2026	As at 31 March 2025
Housing Loans	5,787.99	6,098.61
Loan against property	1,737.11	1,763.23
<b>Total</b>	<b>7,525.10</b>	<b>7,861.84</b>

Assets obtained by taking possession of collateral

Details of financial and non-financial assets obtained by the Company during the year by taking possession of collateral held as security against loans held at the year end, are shown below:

Particulars	For the year ended 31 March 2026	For the year ended 31 March 2025
Number of Properties	357	219
Principal outstanding and instalment overdue*	37.08	24.32

\*The above amount includes principal and other dues (after factoring retention ratio).

B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Maturities of financial liabilities

The tables below analyze the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows :

**42 Financial risk management (contd.)**

**C) Market risk**

Market risk is the risk that changes in market prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. All such transactions are carried out within the guidelines set by the Risk Management Committee. Generally, borrowings are denominated in currencies that match the cash flows generated by the underlying operations of the Company – primarily INR. In addition, interest on borrowings is denominated in the currency of the borrowing.

**D) Interest rate risk**

Exposure to interest rate risk:

The interest rate profile of the Company's interest-bearing financial instruments is as follows:

Particulars	As at	As at
	31 March 2026	31 March 2025
<b>Fixed rate Instruments</b>		
Financial assets	1,839.52	2,463.48
Financial liabilities	651.52	1,242.78
<b>Variable rate Instruments</b>		
Financial assets	6,510.16	6,701.28
Financial liabilities	4,993.52	5,414.46

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short-term loans.

**Cash flow sensitivity analysis for variable rate instruments**

A reasonably possible change of 100 basis points in interest rate at the reporting date would have increased or decreased equity and profit or loss by the amounts shown below:

Particulars	Profit or loss	
	100 bps Increase	100 bps decrease
<b>31 March 2026</b>		
Variable rate instruments	15.17	(15.17)
<b>Cash flow sensitivity (net)</b>	<b>15.17</b>	<b>(15.17)</b>
<b>31 March 2025</b>		
Variable rate instruments	12.87	(12.87)
<b>Cash flow sensitivity (net)</b>	<b>12.87</b>	<b>(12.87)</b>

The model assumes that interest rate changes are instantaneous parallel shifts in the yield curve. Although some assets and liabilities may have similar maturities or periods to re-pricing, these may not react correspondingly to changes in market interest rates. Also, the interest rates on some types of assets and liabilities may fluctuate with changes in market interest rates, while interest rates on other types of assets may change with a lag.

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period. This analysis assumes that all other variables remain constant.

**E) Legal and operational risk**

**Legal risk**

Legal risk is the risk relating to losses due to legal or regulatory action that invalidates or otherwise precludes performance by the end user or its counterparty under the terms of the contract or related netting agreements.

The Company has developed preventive controls and formalized procedures to identify legal risks so that potential losses arising from non-adherence to laws and regulations, negative publicity, etc. are significantly reduced. The Company also has well established legal procedures to scrutinize product offerings and manage risks arising out of its transactions.

As at 31 March 2026, there were legal cases pending against the Company aggregating ₹ 2.23 crores (31 March 2025: ₹ 0.80 crores). Based on the opinion of the Company's legal advisors, the management believes that no liability is likely to arise from these cases.

**Operational risk**

Operational risk framework is designed to cover all functions and verticals towards identifying the key risks in the underlying processes.

The framework, at its core, has the following elements

1. Documented Operational Risk Management Policy
2. Well defined Governance Structure
3. Use of Identification & Monitoring tools such as Loss Data Capture, Risk and Control Self Assessment, Key Risk Indicators
4. Standardized reporting templates, reporting structure and frequency
5. Regular workshops and training for enhancing awareness and risk culture

The Company has adopted the internationally accepted 3-lines of defence approach to operational risk management.

First line - Each function/vertical undergoes transaction testing to evaluate internal compliance and thereby lay down processes for further improvement. Thus, the approach is "bottom-up", ensuring acceptance of findings and faster adoption of corrective actions, if any, to ensure mitigation of perceived risks.

Second line - Independent risk management vertical supports the first line in developing risk mitigation strategies and provides oversight through regular monitoring. All key risks are presented to the Risk Management Committee on a quarterly basis.

Third line - Internal Audit conducts periodic risk-based audits of all functions and process to provide an independent assurance to the Audit Committee.

**F) Foreign Currency Risk**

The Company's activities expose it to the financial risks of changes in foreign exchange rates. The Company uses derivative contracts to hedge its exposure to movements in foreign exchange.

The Company uses hedging instruments that are governed by the policies of the Company which is approved by board of directors which provide written principles on the use of such financial derivatives consistent with the risk management strategy of the Company. The Board constituted Risk Management Committee (RMC) of the company manages risk on the company's derivative portfolio. All derivative transactions that are entered into by the company are reported to the board, and the mark-to-market on its portfolio is monitored regularly by the senior management.

To hedge its risks on the principal and/ or interest amount for foreign currency borrowings on its balance sheet, the company has currently used foreign exchange forward contracts. The use of these derivative contracts reduce the risk or cost to the Company and the Company does not use those for trading or speculation purposes. During the year 2025-26 and 2024-25, the company has not entered into any derivative transactions.

**43 Capital management**

The Company maintains an actively managed capital base to cover risks inherent in the business and meets the Capital to Risk Weighted Asset Ratio (CRAR) requirement of the National Housing Bank (NHB) of India. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by NHB. The Company has complied in full with all its externally imposed capital requirements over the reported period. The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value. The funding requirements are met through equity, non-convertible debentures and other long-term/ short-term borrowings. The Company's policy is aimed at appropriate combination of short-term and long term borrowings. **46 Transfer of financial assets**

**Transferred financial assets that are not de-recognised in their entirety**

The following tables provide a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

**Securitisation transactions :**

	As at 31 March 2026	As at 31 March 2025
Carrying amount of transferred assets measured	311.42	49.27
Carrying amount of associated liabilities	295.94	47.43
Fair value of assets	326.20	51.40
Fair value of associated liabilities	292.81	54.09
Net position at fair value	33.39	(2.69)

Loans and advances to customers are sold by the Company to a Special Purpose Entity ("SPE") which in turn issues PTCs to investors collateralised by the purchased assets. In these securitisation transactions entered, the Company transfers loans and advances to an unconsolidated SPE but, it, however, it retains some credit risk (principally through credit enhancements provided by it).

Since substantially all the risks and rewards of the loans transferred has been retained by the Company, it does not derecognise the loans transferred in its entirety and recognise an associated liability for the consideration received.

**Qualitative Disclosure of LCR**

The objective of the guideline is to ensure that HFC's carry a strong liquidity for short term cash flow requirements in terms of LCR in addition to various process related aspects of liquidity risk management framework which will promote resilience to potential liquidity disruptions. HFC's are required to maintain adequate pool of unencumbered HQLA which can be easily converted into cash to meet their stressed liquidity needs for 30 calendar days. The LCR is expected to improve the ability of financial sector to absorb the shocks arising from financial and/or economic stress, thus reducing the risk of spill over from financial sector to real economy.

The liquidity risk management including LCR of the Company is governed by the Asset Liquidity Management Policy approved by the board. The Asset Liquidity Committee (ALCO) is responsible for managing the LCR of the Company in line with the Asset Liquidity Management Policy. Company regularly reviews the position of inflows, outflows and the liquidity buffers and ensures maintenance of sufficient quantum of High Quality Liquid Assets.

- To compute stressed cash outflow, all expected and contested cash outflows are considered by applying a stress of 15%.
- Similarly, items for the company to arrive at by considering all expected and contested cash inflows are considered by applying a haircut of 25%.
- However, total net cash outflows will be subjected to a minimum of 25% of total stressed cash outflow.
- The LCR is computed by dividing the stock of HQLA by the total net stressed cash outflows over next 30 days.
- Cash outflow under 'secured wholesale funding' mainly includes contractual obligations under 'Term loans, NHB Re-Finance, NCDs, working capital limits & Interest payable within next 30 days.
- Outflow under 'Other contractual funding obligations' primarily includes expected cash outflow of contracts which are included with the customers.
- Outflow under 'Other contingent funding obligations' primarily includes expected cash outflow of contracts which are included with the customers.
- Other Cash inflows includes investments in mutual funds, FDI which can be liquidated within 30 days including interest receivable thereon.
- For the purpose of HQLA the Company considers unencumbered government securities and cash/bank balances with all haircuts.

The Company does not have a foreign exchange and derivative exposure. The Company maintains diversified sources of funding comprising short-term loans from banks, Non-Convertible Debentures (NCDs), Refinance from National Housing Bank (NHB) and Pass Through Certificates. For concentration of funding sources refer disclosure on the Liquidity Risk Management Framework as per Note no. 60 (XXXXII). LCR has been calculated and monitored as per methodology prescribed in the Reserve Bank of India (Non-Banking Financial Companies – Asset Liquidity Management) Directions, 2025. Further, the Company has been monitoring the daily LCR for the period of April 2025 to March 2025. The Company has mentioned the daily average LCR of 62.91% for 04 FY25.
