(vi) Institutional set-up for liquidity risk management

Board constituted Asset Liability committee (ALCO) reviews asset liability mismatches (ALM). It also ensures that there are no excessive concentration of either assets or liability side of the balance sheet.

ALM is monitored as a regular process and necessary steps are taken wherever required. Company also maintains sufficient liquidity buffer through credit lines and other means to meet its liability when they are due, under both normal and stressed conditions in a timely manner. Maturity profile of financial assets and financial liabilities is assessed along with borrowing and business and as a part of review of liquidity position.

The Company has obtained fund and non-fund based working capital lines and Term Loans from various banks and financial institutions. Further, the Company has access to funds from debt markets through non-convertible debentures and other debt instruments. Cash Credit / WCCL limits are renewed on annual basis and are therefore revolving in nature.

Liquidity risk is managed in accordance with ALM policy. Same is reviewed periodically to incorporate regulatory changes, economic scenario and business requirements.
